FINAL FORECAST OF THE JUTE CROP, 1931.

Consolidated statement for Bengal, Bihar and Orissa and Assam.

Area.—The revised estimated area for the three provinces is 1,858,100 acres, a decrease of 1,634,200 acres as compared with the revised final forecast for 1930. The decrease as compared with the acreage in the Preliminary Forecast for 1931 is due to reduction after revision in the Bengal and Assam estimates.

Yield.—It is estimated that this crop will yield 5,559,900 bales of jute, reducing last year's total (revised) by 5,694,900 bales.

The consolidated returns are as follows:—

Province.	Area in acres.			Yield in bales.		
	1930.	1931.	Difference.	1930.	1931.	Difference.
Bengal (including Cooch Behar and Tripura States).	3,062,300	1,613,700*	—1,448,600	9,966,000	5,002,700	—4,963,300
Bihar and Orissa ..	238,000	148,800	—89,200	670,000†	367,200†	—302,800
Assam	192,000*	95,600*	—96,400	618,800*	190,000	—428,800
Total ..	3,492,300*	1,858,100*	—1,634,200	11,254,800*	5,559,900	—5,694,900

* Revised. † Including Nepal.

DEPARTMENT OF AGRICULTURE, BENGAL.

Final Forecast of the Jute Crop of Bengal, 1931.

[NOTE.—On an average of the five years ending 1929-30, the area under jute in Bengal, to which this forecast relates, represents some 86·3 per cent. of the total area under jute in British India.]

Season.—Sowings were carried out in favourable circumstances generally. Afterwards excessive rain in May did damage in Netrakona and Kishoreganj subdivisions of Mymensingh. Elsewhere conditions remained suitable and the crop made good progress. In the end of July the Brahmaputra came down in record flood and did some damage in riparian areas. Little serious outright loss appears to have taken place, except in the *bhil* tract in Pabna; but some damage also took place in Bogra, and to a smaller extent in Faridpur, Dacca and Mymensingh.

The river has now receded to normal.

Condition of the crop.—Except in the tracts mentioned, the crop is well grown. Owing to rise and fall of water in the flood areas, increased root and poor quality may result.

Area of the crop.—The area under jute is 1,613,700 acres as compared with 3,062,300 acres in 1930.

Outturn.—As in previous years, the percentage figures are calculated on the basis of divisional normals which remain as follows:—

	Bales per acre.
Dacca and Chittagong Divisions	... 3·7
Rajshahi Division	... 3·5
Presidency and Burdwan Divisions	... 3·2

The total outturn of the crop is estimated at 5,002,700 bales as compared with 9,966,000 bales last year.

DEPARTMENT OF AGRICULTURE, BIHAR AND ORISSA.

Final Forecast of the Jute Crop of Bihar and Orissa, 1931.

[NOTE.—On an average of the five years ending 1929-30, the area under jute, to which the Bihar and Orissa forecast relates, represents about 7·6 per cent. of the total area under jute in British India.]

Acreage.—The final district returns of the eight jute-growing districts of the province show an area under jute of 147,500 acres. But these estimates have proved to be very low, and I have no reason to alter the estimate made in the preliminary forecast, viz., 148,800 acres. Last year's estimate of the area under the crop was 238,000 acres.

Weather conditions.—In March light showers fell in the jute districts. The fall was above the normal in Champaran, Darbhanga, Bhagalpur, the Santal Parganas, Balasore, normal in Purnea, and below the normal in the remaining two jute districts. In April and May light rain fell in all the jute districts. The fall was below the normal everywhere. In June rain fell in all the jute districts. The fall was below the normal everywhere. In July rain fell in all the districts. The fall was above the normal in Champaran, Muzaffarpur, Darbhanga, Bhagalpur, Purnea and the Santal Parganas, and below the normal in the remaining two jute districts. In August rain fell in all the districts; the fall during the first fortnight was light to moderate, but during the later period it was heavy in Cuttack and Balasore and light to moderate elsewhere. The weather conditions are reported to have not been favourable in the most important jute district of Purnea and also in Balasore, Darbhanga and the Santal Parganas and fair in the remaining jute districts.

Outturn.—In the important jute districts of Purnea and Cuttack the outturn of the crop has been estimated at 50 and 82 per cent. of the normal respectively. Champaran reports a normal crop, i.e., 100 per cent., Muzaffarpur. Darbhanga, Bhagalpur, the Santal Parganas and Balasore report 75, 68, 60, 65 and 60 per cent., respectively.

On the basis of the area and percentage outturn reported by the District Officers the average condition of this year's crop for the province comes to 55 per cent. against 58 per cent. last year. But in my opinion, this is an underestimate, and the condition factor will not be less than 60 per cent. of the normal. Recent enquiries about the normal outturn per acre show that the normal outturn per acre is $3\frac{1}{3}$ bales, and on this basis the gross outturn on 148,800 acres estimated to be under jute in this province comes to 342,200 bales against 620,000 bales last year. The import of jute from Nepal estimated at 25,000 bales brings the total of the province to 367,200 bales.

The prospect of the crop is fair in Samastipur and Madhubani subdivisions The decrease in area shown in column 7 as compared with that of the first forecast is due to the fact that the entire area (909) acres under jute cultivation in Sadar subdivision has been damaged by floods.

The sowing was late at places for want of timely rainfall while at others it was normal where the crop was sown in low lands. The decrease in area under the crop is due to slump in jute and want of timely rains The recent rains benefited the crop and consequently the outturn is expected to be the same as last year. The harvesting, steeping and washing of jute are in progress.

DEPARTMENT OF AGRICULTURE, ASSAM.

Final Forecast of Jute Crop of Assam, 1931.

[NOTE.—On the average of the five years ending 1929-30, the area under jute in Assam represents 5·0 per cent. of the total area under jute in British India.]

Season.—As already stated in the preliminary forecast, the weather in the beginning of the season was generally unfavourable for the cultivation and growth of the crop. The conditions somewhat improved later on, but on the whole the general effect of the season has been unfavourable to the crop. Some damage by flood has been reported from the Assam Valley districts, while in Sylhet incessant rain after sowing caused considerable areas of the crop to be abandoned.

2. Area.—As estimated by the Deputy Commissioners, the area under jute is 95,600 acres compared with last year's actual of 192,000 acres, and this year's preliminary forecast of 100,500 acres. Area reported in the preliminary forecast has been revised in four districts.

3. Outturn.—The outturn has been estimated to be 57 per cent. of the normal per acre, against 72 per cent. (revised) of last year. Taking 3·5 bales of 400 lbs. each of jute fibre as the normal yield per acre, the total produce of the crop in this province this year comes to 189,900 bales against 618,800 bales (revised) of last year, or a decrease of 69 per cent.

	Acres.	Acres.	Acres.			Bales.	Bales.		
Cachar ..	300	200	200	65	60	500	400	Middle of August. Normal.	The weather was not favourable in the beginning of the season owing to incessant rainfall but it improved later. Insects also caused some damage to the crop.
Sylhet ..	20,000	19,800	5,000	54	38	37,400	6,600	July. Normal ..	The large decrease in area is due to the abnormally low price of jute last year. The area reported in the preliminary forecast has been greatly reduced, much of the area sown having been subsequently abandoned owing to unfavourable weather which is also responsible for the low estimated outturn.
Goalpara ..	60,000	(a) 63,300	35,200	100	45	221,500	55,600	End of July. Late.	The decrease in area is due partly to unfavourable weather and partly to the low price of jute. The weather on the whole has been unfavourable for the crop which has also been damaged by floods in low-lying areas. Hailstorms also caused some damage.
Kamrup ..	15,000	27,100	15,000	90	54	85,400	28,300	First week of August. Normal.	Unfavourable weather at the sowing time and the unusually low price of jute account for the decrease in area. The weather was generally unfavourable throughout the season for the cultivation and growth of the crop. Floods also did some damage.
Darrang ..	12,600	18,600	13,700	95	75	61,900	36,000	July. Early ..	The low price of jute and unfavourable weather in the beginning of the season are responsible for the decrease in area. The weather from June to middle of July was favourable but heavy rains and the flood in the latter part of July caused some damage to the crop in low-lying areas.
Nowgong ..	40,000	56,600	20,400	95	65	188,200	46,400	Beginning of July. Early.	The decrease in area is due to the extremely low price of jute. The weather has not been generally favourable during the season, and in the last part of July the crop was damaged by floods. Insects also caused some damage.
Sibsagar ..	300	400	300	100	80	1,400	800	Middle of August. Normal.	The decrease in area is due to unfavourable weather at sowing time. Weather subsequently became more favourable, but some damage by flood is reported.
Lakhimpur ..	200	1,100	900	88	75	5,800	2,400	August. Normal	The decrease in area is due to the low price of jute. The weather on the whole was favourable but flood has caused some damage to the crop.
Garo Hills (plains)	3,300	4,900	4,800	90	80	15,700	13,400	Middle of July. Normal.	The decrease in area is due to dullness of the jute market. The weather was generally favourable for the crop.

In addition to the details required on the previous page, clear information should be given below under the following heads :—

(*a*) If the ordinary surplus is insufficient to meet the charges of the proposed loan, the particular steps which the municipality has taken, or has agreed to take in order to make good the deficiency.

(*a*) It has been proposed to levy as usual a water-rate at 6 per cent. on the annual value of holdings without water connections and at 7½ per cent. on holdings having water connection. This, together with the surplus of the rate realised on the west of the river Lakshya, will go to meet the charges for the water extension scheme for the east side.

(*b*) The reserve of taxation or other possible means of increase in the revenues of the municipality, the rates at which each of the taxes mentioned in column 12 on the previous page are levied, other than tax on persons, should be stated here.

(*b*) The increase in the revenue by the imposition of water-rate as above in the usual way. The house tax is levied at 6¾ per cent. on the annual value of holdings. The latrine tax on a scale sanctioned by Government (*vide* page 80 of Government of Bengal, Local Self-Government Department, resolution reviewing the reports on the working of municipalities in Bengal during the year 1929-30).

(*c*) A statement of all outstanding loans specifying, in respect of each loan, the date when taken, the purpose (very briefly), the amount, the annual charges involved, and the amount still payable.

(*c*) A loan of Rs. 75,000, being the 1st instalment of the estimated cost of Rs. 2,07,500, was received from the Government on the 20th February 1930 for the waterworks extension scheme for the east side of the river Lakshya; the annual charges involved on the loan is Rs. 6,358-14 and the amount still payable is Rs. 72,924-3.

(*d*) Any explanations in regard to receipts and expenditure to show the true financial position of the municipality when such position is otherwise than the ordinary surplus would indicate.

EDUCATION DEPARTMENT.

DARJEELING, THE 13TH SEPTEMBER 1931.

RESOLUTION—No. 845T.EDN.

Minister-in-charge: The Hon'ble Mr. K. Nazim-ud-Din, C.I.E.

The Government of Bengal (Ministry of Education) have received information of participation by certain students of Government institutions in demonstrations in connection with convictions in murder cases and consider it necessary to issue the following warning for the information of parents and guardians of students reading in Government colleges, schools, madrasahs and other Government institutions controlled by the Education Department.

Government wish it to be clearly understood that in future they are unwilling to retain in any Government institution a student who, by absenting himself from classes or by any action during class hours, associates himself with demonstrations in connection with decisions of criminal courts. All students who do so will be given transfer certificates and required to leave the institution forthwith; if they have absented themselves they will not be re-admitted. Only in exceptional cases are heads of institutions allowed discretion to re-admit defaulters under suitable conditions, but Government expect that this discretion will be firmly used and require that every case in which it may be exercised should be reported to the Director of Public Instruction, Bengal, immediately.

ORDER—Ordered that a copy of the Resolution be published in the *Calcutta Gazette*.

Ordered also that a copy of the Resolution be forwarded to the Director of Public Instruction, Bengal, for information and circulation to heads of institutions.

By order of the Government of Bengal
(Ministry of Education),

A. J. DASH,

Secy. to the Govt. of Bengal.

By order,
N. GHATAK, *Registrar (offg.).*

English Department—Civil

The 10th September 1931.

No. 12617E.—The following rule amending the rules relating to the qualifications, admission and certificates, etc., of pleaders in courts subordinate to the High Court having been made by the High Court of Judicature at Fort William in Bengal, under section 6 of the Legal Practitioners Act, 1879 (XVIII of 1879), is published for general information. The rule will come into force with effect from the 1st January 1932:—

Rule.

(CIVIL).

I.

In Rule 2 (slip), Chapter XI (revised), Volume I, of the Court's General Rules and Circular Orders, Civil—

(*i*) *insert* the words "or in the Courts of the Presidency Magistrates, Calcutta" after the words "to practise in his Court" in sub-rules (*b*) and (*c*);

(*ii*) *insert* the words "or is ordinarily practising in the Courts of the Presidency Magistrates, Calcutta" after the word "standing" in line 8 of sub-rule (*c*);

(*iii*) *insert* the words "or the Chief Judge, Court of Small Causes, Calcutta, as the case may be" after the words "District Judge" in line 2 of sub-rule (*l*) as well as in the amendment made therein by item II of Rule No. 14 of 1931.

II.

In Rule 13, *ibid*—

(*i*) *insert* the words "or the Imperial Bank of India, Calcutta, in case he shall intend ordinarily to practise in the Court of Small Causes, Calcutta, or the Courts of the Presidency Magistrates, Calcutta" after the word "practise" in line 5;

(*ii*) *insert* the words "or a provisional certificate showing that he has passed the examination qualifying himself for obtaining the diploma" after the word "diploma" in line 7;

(*iii*) *insert* the words "or the Chief Judge, Court of Small Causes, Calcutta, as the case may be" after the words "District Judges" in line 6 of the Note.

III.

In Rule 14, *ibid*—

(*i*) *insert* the words "or provisional certificate" after the word "diploma" in line 2;

(*ii*) *insert* the words "or to the Chief Judge, Court of Small Causes, Calcutta, if he desires ordinarily to practise in his Court or the Courts of the Presidency Magistrates, Calcutta" after the word "practise" in line 5;

(*iii*) *insert* the words "or the Chief Judge, as the case may be" after the word "Judge" in line 5;

(*iv*) *insert* the words "The same form shall be used by the Chief Judge with suitable modifications" at the end of the Note.

IV.

In Rule 15, *ibid*, *insert* the words "or Chief Judge" after the word "Judge" in line 4.

V.

In Rule 18, *ibid*, *insert* the words "or the Chief Judge, Court of Small Causes, Calcutta, as the case may be" after the words "District Judge" in line 3.

VI.

In Rule 19, *ibid*—

(*i*) *insert* the words "or the Chief Judge, Court of Small Causes, Calcutta" after the words "District Judge" in line 4.

(*ii*) *number* the existing Note as "Note 1" and *insert* the following as "Note 2":—

"NOTE 2.—The Chief Presidency Magistrate, Calcutta, is authorised under section 7 of the Legal Practitioners Act, 1879, to renew the certificates of practice of Pleaders and Mukhtars at the time ordinarily practising in the jurisdiction of any of the Presidency Magistrates' Courts in Calcutta (Notification dated the 1st February 1900)."

VII.

In Rule 20, *ibid*, *insert* the words "or the Chief Judge, Court of Small Causes, Calcutta, or other officer authorised to renew certificates" after the words "District Court' in line 3.

VIII.

In Rule 28, *ibid*, *insert* the words "or the Chief Judge, Court of Small Causes, Calcutta, as the case may be" after the words "District Judge" in lines 5 and 7.

IX

Cancel Rule 30, *ibid*, and *substitute* therefor the following:—

"30. A Pleader or Mukhtar desirous of practising in any district other than that in which his certificate was last renewed, shall apply to the District Judge of such district for the entry of his name in the district roll of Pleaders and Mukhtars. Similarly, a Pleader ordinarily practising in the Court of Small Causes, Calcutta, who desires to practise in any district or *vice versa* shall apply to the District Judge concerned or the Chief Judge, Court of Small Causes, Calcutta, as the case may be, for the entry of his name in the district roll of Pleaders or in the roll of Pleaders maintained by the Chief Judge. Before complying with the application the District Judge or the Chief Judge shall satisfy himself by such enquiries as he may think fit as to the applicant's identity and previous good conduct."

X

In Rule 37, *ibid*—

(*i*) *insert* the words "or the Chief Judge, Court of Small Causes, Calcutta, as the case may be" after the words "District Judges" in line 3.

(*ii*) *insert* the words "and the Chief Judge" after the words "District Judges" in lines 4-5.

XI

(*i*) *Insert* the words "and the Chief Presidency Magistrate, Calcutta" after the word "Magistrates" in the heading above Rule 39, *ibid;*

(*ii*) *Insert* the following at the end of Rule 39, *ibid*:—

"Similarly, the Chief Judge, Court of Small Causes, Calcutta, will inform the Chief Presidency Magistrate, Calcutta, of the names of Pleaders who may enrol themselves in his Court, or whose certificates may be renewed by him."

XII.

In Rule 42 (*a*), *ibid*—

cancel the words "All District Judges and all Munsifs at out stations" and *substitute* therefor the words "All Judicial Officers."

XIII.

Number the existing Note to Rule 48, *ibid*, as "Note I" and *insert* the following as Note II:—

"NOTE II.—The recognised clerks of pleaders practising in the Court of Small Causes, Calcutta, will be governed by the rules framed by that Court."

By order of the High Court,

W. McC. SHARPE, *Registrar.*

Calcutta Bar Council.

The 10th September 1931.

The rules prescribed by clause (*b*) of Rule 1 of the rules framed by the Bar Council under section 9 of the Indian Bar Councils Act (Act XXXVIII of 1926) and published on the 25th July 1928 in the *Calcutta and Assam Gazettes*, are amended by the Bar Council with the previous sanction of the High Court of Judicature at Fort William in Bengal as follows:—

NOTIFICATION.

MERCHANT SHIPPING.

Simla, the 29th August 1931.

No. 31-M.I. (10)/31.—The following draft of certain rules regulating the making of surveys under Part III of the Indian Merchant Shipping Act, 1923 (XXI of 1923), which, in exercise of the power conferred by section 145 of the said Act, it is proposed to make, in supersession of all previous rules on the subject, is published, as required by sub-section (*1*) of the said section, for the information of all persons likely to be affected thereby, and notice is hereby given that the draft will be taken into consideration by the Governor General in Council on or after the 15th October 1931. Any objection or suggestion which may be received from any person with respect to the draft before the said date will be considered by the Governor General in Council.

Rules.

1. **Definition.**—In these rules, "the Act" means the Indian Merchant Shipping Act, 1923 (XXI of 1923).

2. **Ports of survey.**—The survey of ships for certificates of survey shall be conducted at the ports of Calcutta, Bombay, Karachi, Rangoon, Madras, Aden, Chittagong, Pamban, Moulmein, Akyab, Bassein and at such other ports as the Governor General in Council may appoint to be ports of survey.

3. **Application for a survey.**—Every application for the survey of a steam-ship at a port of survey shall be made in Form No. 1-Surveys hereto annexed and shall be accompanied by the prescribed fee. It shall be lodged between the hours of 10 A.M. and 5 P.M. on any day except Sundays and holidays, and not later than twenty-four hours before the hour at which it is desired that the survey should commence. At the ports of Calcutta, Bombay, Karachi, Rangoon, Madras and Aden the application shall be lodged at the office of the Principal Officer, Mercantile Marine Department; at the port of Chittagong it shall be lodged at the office of the Nautical Surveyor, and at other ports of survey it shall be lodged at the office of the Port Officer.

4. **Receipt and list of preparations for survey to be furnished.**—On receipt of an application in the form aforesaid duly filled in and of the survey fee, the officer receiving the same shall deliver to the applicant a receipt for the fee so paid and an intimation that the application for survey has been received, together with a list of the requisite preparations for the survey of the steam-ship. The said intimation and list shall be in Form No. 2-Surveys hereto annexed.

5. **Days of survey.**—On receipt of an application from the owner, agent or master of a steam-ship, a survey shall be made by the Surveyor or Surveyors appointed under the Act on any day in the year, except a Sunday or a Government holiday: Provided that if circumstances admit, a survey may be made on a Sunday or a Government holiday on payment of the additional fee prescribed in rule 16.

6. **Postponement of survey.**—If the requisite preparations to enable the Surveyor to carry out the survey have not been made on the day and by the hour mentioned in the application for a survey, the Surveyor may fix some other convenient date and hour for the survey.

7. **Procedure when a steam-ship is found defective.**—If a Surveyor finds that any defect exists in the hull, machinery or equipments of a steam-ship, he shall, before refusing to give a declaration regarding the ship under section 134 of the Act, address a letter in Form No. 3-Surveys hereto annexed to the owner or master of the steam-ship, pointing out such defect and the repairs, etc., necessary to make good the same. If the Surveyor be subsequently informed by the owner or master of the steam-ship that the requisite repairs, etc., have been executed, he shall pay one or more extra visits to the steam-ship, as may be necessary, and thereafter may either give or refuse a declaration of survey as he shall think proper.

8. **Declaration of survey.**—Every declaration of survey furnished under section 134 of the Act shall be in Form No. 4-Surveys hereto annexed and shall contain the particulars therein prescribed.

9. **Sending of declaration by owner or master.**—The officer to whom every such declaration shall be sent in accordance with sub-section (*l*) of section 135 of the Act by the owner or master to whom it is given shall be the Principal Officer, Mercantile Marine Department, at the ports of survey at Calcutta, Bombay, Karachi, Rangoon, Madras and Aden, the Nautical Surveyor at the port of survey at Chittagong, and the Port Officer at other ports of survey.

10. **Certificate of survey.**—Every certificate of survey shall be in Form No. 6-Surveys hereto annexed and shall contain the particulars therein prescribed.

11. **Notice under section 136 (3).**—The notice to be given to the owner or master of a steam-ship under sub-section (*3*) of section 136 of the Act shall be given in Form No. 5-Surveys hereto annexed, at the ports of survey at Calcutta, Bombay, Karachi, Rangoon, Madras and Aden, by the Principal Officer, Mercantile Marine Department, at the port of survey at Chittagong by the Nautical Surveyor, and at other ports of survey by the Port Officer.

12. **Correspondence.**—All correspondence relating to the survey of steam-ships shall be addressed as follows:—

(*i*) at the ports of Calcutta, Bombay, Karachi, Rangoon, Madras and Aden.	To the Principal Officer, Mercantile Marine Department.
(*ii*) at the port of Chittagong	To the Nautical Surveyor.
(*iii*) at other ports	To the Port Officer.

13. (1) **Fees.**—A fee at the following rates shall be payable in respect of surveys, certificates whereof will remain in force for one year from the date thereof (unless sooner cancelled or suspended):—

For steam-ships of which the gross tonnage—

	Rs.
does not exceed 100 tons	105
exceeds 100 tons but does not exceed 300 tons	120
exceeds 300 tons but does not exceed 600 tons	135
exceeds 600 tons but does not exceed 900 tons	150
exceeds 900 tons but does not exceed 1,200 tons	180
exceeds 1,200 tons but does not exceed 1,500 tons	217-8
and for every additional 300 tons or fraction of 300 tons in excess of 1,500 tons	37-8

(2) If the ship's hull, machinery, or equipments are stated in the certificate to be sufficient only for a period of less than one year from the date thereof, one-twelfth of the fee payable under sub-rule (1) shall be payable for each month or fraction of a month comprised in the said period:

Provided that—

(*a*) the minimum fee shall be one-fourth of the annual fee;

(*b*) the full annual fee shall be payable, whatever be the nature of the certificate—

(*i*) in the case of a new steam-ship coming under survey for the first time, or

(*ii*) if, in accordance with the application for a survey, a steam-ship has been fully surveyed, but the owner or agent of the steam-ship, is, for any reason, unwilling or unable to execute the repairs recommended by the Surveyor, or

(*iii*) if the survey is completed with the exception of certain minor details.

(3) The fee payable under this rule shall be deemed to cover all the visits which a Surveyor may have to make before granting his declaration.

14. (1) **Fees payable for a survey while a certificate is in force and for docking certificates.**—If a visit from a Surveyor is necessary while a certificate of survey is in force, a fee at the rate of Rs. 32 shall be payable for every visit that the Surveyor makes.

(2) The fee for an intermediate survey for a docking certificate made at the owner's request of a steam-ship holding a certificate of survey issued by the Government of India, the Board of Trade, London, or a British Colonial Government, shall be Rs. 32. This fee shall be for the complete survey for a docking certificate and not per visit.

15. (1) **Survey of steam-ships with foreign certificates of survey or certificates of partial survey.**—Notwithstanding anything contained in these rules, if during the currency of a valid certificate of survey granted in respect of a steam-ship by the Board of Trade, or by any British Colonial Government or by any foreign Government whose certificates of survey are accepted under the provisions of the Act, an application is made by the owner, agent or master thereof to carry passengers in addition to the number prescribed by the said certificate, the survey of the vessel shall consist only of the survey of such parts as are concerned in the carriage of the additional passengers.

(2) The fee payable for a survey of the nature referred to in sub-rule (1) shall be Rs. 32.

16. **Fees for surveys on holidays.**—In addition to the fees payable under rules 13, 14 and 15 there shall be payable along with an application for a survey a fee of Rs. 60 in respect of every survey which is required by such application to be made on any of the following days, that is to say,

(*a*) a Sunday.

(*b*) New Year's Day.

(*c*) Good Friday.

(*d*) The King Emperor's Birthday.

(*e*) Christmas Day.

17. **Overtime fees.**—The charge of overtime fees in respect of surveys or inspections wholly or partially carried out between the hours of 5 P.M. and 7 A.M. shall be regulated as follows:—

(*a*) Where on the application of an owner or agent of a steam-ship a Surveyor is called upon to undertake the survey or inspection of a vessel after 5 P.M. and before 7 A.M. an additional fee of Rs. 50 shall be charged.

(*b*) Where a Surveyor is detained at the request of the owner or agent of the steam-ship after 5 P.M. to complete a survey undertaken between the hours of 7 A.M. and 5 P.M. an additional fee of Rs. 25 shall be charged if the Surveyor is released from duty before 6 P.M. and of Rs. 50 if he is detained later than 6 P.M.

(*c*) Where the owner or agent has asked for survey between the hours of 7 A.M. and 5 P.M. but official arrangements have not allowed of the work being done between those hours, no additional fee shall be chargeable.

(*d*) Where a Surveyor has been called upon as specified in clause (*a*) or detained as specified in clause (*b*), the owner or agent of the ship shall give information of the fact in writing to the Principal Officer or to the Principal Engineer and Ship Surveyor of the Port stating the hours during which the Surveyor was in attendance.

NOTIFICATIONS.

ACCOUNTANCY BOARD.

Simla, the 5th September 1931.

No. 213 (3)-T. & E. (A. B.).—The following draft of certain rules which it is proposed to make in exercise of the powers conferred by sub-section (2) of section 144 of the Indian Companies Act, 1913 (VII of 1913), is published, as required by the said sub-section, for the information of all persons likely to be affected thereby, and notice is hereby given that the said draft will be taken into consideration on or after the 9th day of November 1931.

Any objection or suggestion which may be received from any person with respect to the draft before the aforesaid date will be considered by the Governor General in Council.

Draft rules.

1. These rules may be called the Auditor's Certificates Rules, 193 .

2. In these rules, unless there is anything repugnant in the subject or context:—

(*a*) "Approved Accountant" means an accountant approved by the Governor General in Council for the purpose of taking articled clerks;

(*b*) "Auditor's Certificate" means a certificate granted under these rules entitling the holder to act as an auditor of companies throughout British India;

(*c*) "Graduate" means a graduate of a University constituted by law in British India or of the University of Mysore or of the Osmania University, or of a University in Great Britain and Northern Ireland;

(*d*) "The Register" means the Register of Public Accountants (India).

PART I.

MAINTENANCE OF AND ENROLMENT ON THE REGISTER.

3. The Governor General in Council shall maintain a Register of Public Accountants who shall be entitled to apply for certificates to practise as auditors of companies throughout British India. The name, residence and qualifications of every such accountant shall be entered in the Register with the date on which an auditor's certificate, if any, was granted to him.

4. A person shall not be eligible for enrolment on the Register if he—

(1) has been adjudged by a competent court to be of unsound mind;

(2) is an undischarged insolvent;

(3) being a discharged insolvent has not obtained from the court a certificate that his insolvency was caused by misfortune without any misconduct on his part;

(4) has been convicted by a competent court of any offence which is punishable under the Indian Penal Code and is under the provisions of the Code of Criminal Procedure, 1898, non-bailable; or

(5) having previously practised as a public accountant is considered by the Governor General in Council not to be a fit and proper person to be enrolled on the Register by reason of any act of negligence, misconduct or dishonesty committed in his professional capacity.

5. Subject to the provisions of Rule 4 and Rule 9, a person holding the Government Diploma in Accountancy, awarded on the recommendation of the Accountancy Diploma Board, Bombay, shall be entitled to be enrolled on the Register and may apply for enrolment on the Register at any time.

6. No person other than a person entitled to be enrolled on the Register shall be eligible for enrolment unless he has satisfied either—

(*a*) the tests prescribed in Part II of these rules, or

(*b*) a test recognised by the Governor General in Council as equivalent to the tests referred to in clause (*a*),

and has attained the age of twenty-one.

7. For the purposes of clause (*b*) of Rule 6, membership of any one of the following institutes and societies shall be recognised as equivalent to the tests prescribed in Part II:—

(1) The Institute of Chartered Accountants in England and Wales;

(2) The Society of Incorporated Accountants and Auditors, London;

(3) The Society of Accountants in Edinburgh;

(4) The Institute of Accountants and Actuaries in Glasgow;

(5) The Society of Accountants in Aberdeen; and

(6) The Institute of Chartered Accountants in Ireland.

8. Applicants for enrolment on the Register who are not entitled to enrolment under the second proviso to section 3 (1) of the Indian Companies (Amendment) Act, 1930, or under Rule 5, and who are not eligible for enrolment under Rule 6, will be required to satisfy the Governor General in Council that they are fit and proper persons for enrolment and have resided for not less than twelve months in India after attaining the age of eighteen.

9. (1) Every person enrolled on the Register shall pay an annual fee of Rs. 32. The annual fee shall be due and payable on the 1st April in each year.

(2) Every person, whose application for enrolment on the Register has been accepted shall before enrolment pay (*a*) an entrance fee of Rs. 150, and (*b*) a sum equivalent to the annual fee. Provided that the full amount of the entrance fee and half the amount of the

annual fee shall be payable before enrolment by a person enrolled on or after the 1st October and before the 1st April next following.

10. (1) Every person wishing to be enrolled on the Register shall submit an application to the Secretary to the Government of India, Department of Commerce, in Form A (Appendix 1).

(2) The applicant shall furnish such further information bearing on his application as the Governor General in Council may at any time require from him.

11. If the application is accepted by the Governor General in Council, an intimation to that effect shall be sent to the applicant along with a request for payment of the prescribed fees. On receipt of the prescribed fees, the applicant's name shall be enrolled on the Register and a certificate of enrolment in Form B (Appendix 1) issued to him.

12. A person enrolled on the Register shall be entitled to style himself "Registered Public Accountant (India)" and to use the letters and word "R. P. A. (India)" after his name as long as his name continues to appear on the Register. A firm shall not be entitled to style itself "Registered Public Accountants (India)" unless all of its partners resident in India are enrolled on the Register.

13. Every person enrolled on the Register may apply to the Governor General in Council for a certificate entitling him to act as an auditor of companies throughout British India. The certificate shall be in Form C (Appendix 1) and shall be valid for one year from the date of issue. No fee shall be payable for a certificate. Applications for the grant of certificates shall be addressed to the Secretary to the Government of India in the Department of Commerce. No application shall be necessary for the renewal of a certificate, but on the expiry of the period for which the original certificate was granted, a fresh certificate shall be sent to each accountant to whom a certificate was granted for the previous year provided that he remains enrolled on the Register and has paid the annual fee due under Rule 9.

14. (1) The Governor General in Council may remove permanently or temporarily from the Register the name of any person—

(*a*) from whom the annual fee has not been received on the expiry of three months from the date on which it became due;

(*b*) who becomes subject to any of the disabilities stated in sub-rules (1), (2), (3) and (4) of Rule 4; or

(*c*) whom the Governor General in Council has declared not to be a fit and proper person to remain enrolled on the Register by reason of any act of negligence, misconduct or dishonesty committed in his professional capacity, provided that before making such declaration the Governor General in Council shall call upon the person concerned to show cause why his certificate should not be cancelled, and shall make such further inquiry, if any, as he may consider necessary.

(2) The removal of the name of any person from the Register shall be notified in the *Gazette of India*.

15. An auditor's certificate shall be deemed to be cancelled from the date on which, and during the period for which, the name of its holder is removed from the Register.

16. The name of a person removed from the Register under Rule 14 (1) (*a*) may be restored to it at any time on receipt of all arrears on account of the annual fee from the applicant for restoration.

17. The fees prescribed by these rules shall be paid into the Imperial Bank of India at New Delhi.

18. The Register shall be published annually in the *Gazette of India* and copies of the Register shall be placed on sale.

PART II.

THEORETICAL TRAINING, EXAMINATION AND PRACTICAL TRAINING.

19. Persons wishing to qualify themselves for enrolment on the Register shall be required to pass the First and Final Examinations, prescribed and to serve under articles with an approved accountant for the periods and in the manner laid down in these rules.

FIRST EXAMINATION.

20. No candidate shall be admitted to the First Examination unless he—

(*a*) is a graduate, or

(*b*) has passed an examination entitling him to enter upon a course of studies at a University constituted by law in British India or the University of Mysore or the Osmania University or an examination recognised by the Governor General in Council as equivalent thereto and produces a certificate from the head of an institution recognised for the purpose by the Governor General in Council that he has, subsequently to passing such examination, studied for a period of one academic year at such an institution and is fit to present himself for the examination. Provided that a certificate of attendance at a recognised institution shall not be required of a candidate who has served under articles with an approved accountant for a period of not less than twelve months, or

(*c*) has served for not less than seven years as a clerk in the office of an approved accountant.

21. Every candidate for admission to the examination shall pay a fee of Rs. 30.

22. Candidates for the First Examination will be examined in the following subjects:—

number of marks obtained by them in any paper but any candidate shall on application to the Secretary to the Government of India in the Department of Commerce be informed of the paper or papers in which he may have failed.

33. If a candidate is found to resort to unfair means during the conduct of an examination the Governor General in Council may, on receipt of a report to that effect by the Board of Examiners, remove the name of such candidate from the list of those entered for the examination and no candidate whose name has been so removed shall be admitted to the next subsequent examination held under these rules.

34. The period to be served under articles with an approved accountant shall be as follows—

(*a*) Graduates, and persons who, not being graduates, have passed the examination prescribed for the Government Diploma in Accountancy, three years.

(*b*) Others, five years.

For the purpose of this rule any period of apprenticeship served under the regulations for the award of the Government Diploma in Accountancy and duly registered with the Accountancy Diploma Board, Bombay, shall be reckoned as service under articles.

Approved Accountants and Articled Clerks.

35. A list of approved accountants shall be maintained by the Governor General in Council. The list shall be published once a year in the *Gazette of India* and copies of the list shall be placed on sale.

36. (1) No person shall be eligible for inclusion in the list of approved accountants unless he is enrolled on the Register and has been continuously in practice as a public accountant for a period of not less than three years next before the date of his application, or has been continuously employed for a period of not less than three years immediately before the date of his application as a salaried assistant to a practising public accountant.

(2) Applications for inclusion in the list shall be submitted through the local Government of the province in which the candidate has his head office to the Secretary to the Government of India in the Department of Commerce and shall contain full particulars of the candidate's, or of his employer's, practice, as the case may be, during the twelve months immediately preceding his application.

37. The Governor General in Council may remove from the list of approved accountants the name of any person who in his opinion is no longer a fit and proper person to employ articled clerks and such removal shall be notified in the *Gazette of India*.

38. (1) Each approved accountant may employ not more than two articled clerks at one time, provided that an approved accountant employing salaried assistants who are enrolled on the Register may employ additional articled clerks in the proportion of two clerks to each such assistant.

(2) An approved accountant may, on the decease of a partner in his firm, accept transfer, in accordance with Rule 44, of the articles of any clerk who was employed by the deceased partner at the time of his death and may continue to employ such clerk for the remainder of his term of service under articles in addition to the number of articled clerks already in his employment at the time of his partner's decease.

39. An approved accountant shall before accepting a person for service with him under articles satisfy himself by inspection of the relevant certificates that such person—

(*a*) will be not less than sixteen years of age on the date of commencement of his articles, and

(*b*) has passed the Matriculation Examination of a University constituted by law in British India or of the University of Mysore or of the Osmania University, or any other examination entitling him to enter upon a course of studies at any such University or an examination which has been declared by the Governor General in Council to be equivalent thereto.

40. The articles shall be executed in Form D or Form E (Appendix 2), according as the candidate for articled clerkship is of full age or is a minor, and shall be stamped. The articles together with the necessary documentary evidence showing that the conditions laid down in clauses (*a*) and (*b*) of Rule 39 are satisfied, shall within sixty days after the execution of the articles be sent to the Secretary to the Government of India in the Department of Commerce for registration and shall be accompanied by a fee of Rs. 10 and by a statement giving particulars of the name, father's name, residence and age of the articled clerk.

41. A register of articled clerks shall be maintained by the Governor General in Council.

42. No articled clerk shall, during the time of his service as articled clerk, except with the permission of the Governor General in Council, engage in any other business or occupation.

43. In the event of any complaint of misconduct being made against any articled clerk the Governor General in Council may, if he is satisfied that the complaint is proved, direct the cancellation of the articles, and a person whose articles have so been cancelled shall not be retained or taken as an articled clerk by any approved accountant.

44. In the event of the name of an employer of an articled clerk being removed from the list of approved accountants or if he ceases to practise, the articles may be transferred to another approved accountant and the transfer shall be reported to the Secretary to the Government of India in the Department of Commerce. In the like events or in the event of the death of the employer the articled clerk may enter into fresh articles for the remainder of his term of service. Such fresh articles shall be sent for registration as provided in rule 40 but shall not require the payment of any fee.

45. Articles may by agreement between the articled clerk and his employer be assigned to another employer. Such an assignment shall be subject to the provisions of rule 40 regarding registration and the payment of a fee.

46. Pending the publication of the first list of approved accountants and for a period of thirty days thereafter, an accountant who was permitted immediately before the commencement of these rules to take apprentices for training for the Government Diploma in Accountancy may employ articled clerks in accordance with these rules. Provided that, if his name shall not have been included in the list of approved accountants, he shall, at the request of an articled clerk employed by him, permit the assignment of the articles of such clerk to an accountant included in the list of approved accountants and shall refund to such clerk a proportion of any premium received from him equal to the proportion which the unexpired period of the articles bears to the total period of such articles.

PART III.

THE INDIAN ACCOUNTANCY BOARD.

47. The Indian Accountancy Board shall consist of not less than fifteen and not more than twenty members appointed by the Governor General in Council. Two members shall be persons in the service of Government and of the remainder not less than two-thirds shall be professional accountants.

48. One of the members in the service of Government shall be appointed Chairman of the Board by the Governor General in Council

49. The Secretary to the Board shall be appointed by the Governor General in Council and shall not be a member of the Board.

50. (1) Save as otherwise provided in these rules, a member of the Board other than a member who is in the service of Government, shall hold office for three years from the date of his appointment.

(2) A member appointed to fill a casual vacancy shall hold office so long as the member whose place he fills would have been entitled to hold office if the vacancy had not occurred.

51. A member, other than a member who is in the service of Government, may resign his office by letter addressed to the Secretary to the Government of India in the Department of Commerce.

52. (1) Before a member, other than a member who is in the service of Government, leaves India—

(*a*) he shall intimate to the Secretary to the Government of India in the Department of Commerce the date of his departure from and the date of his expected return to India, and

(*b*) if he intends to be absent from India for a period longer than six months, he shall tender his resignation or apply for leave of absence. On receipt of such application the Governor General in Council may at his discretion grant leave of absence, or, if he considers it necessary, treat the member's office as vacant and appoint another member thereto.

(2) If any member, other than a member who is in the service of Government, leaves India without taking either of the courses mentioned in sub-rule (1) he shall be deemed to have resigned his office with effect from the date of his departure from India.

53. A member, other than a member in the service of Government, shall be deemed to have vacated his seat on the Board—

(*a*) if he becomes subject to any of the disabilities stated in sub-rules (1), (2), (3) and (4) of Rule 4, or

(*b*) If he is absent from two consecutive meetings of the Board without special leave of absence from the Chairman of the Board.

54. The Board shall meet as often as may be required, provided that a meeting shall be held at least once a year. The place of meeting shall be at the headquarters of the Government of India or at such other place as the Chairman may think fit.

55. Twenty-one days at least before any meeting of the Board, notice of the time and place of the intended meeting shall be sent to the usual place of residence of every member of the Board and such notice shall, so far as practicable, contain a statement of the business to be transacted at such a meeting, provided that in cases of urgency an emergent meeting may be summoned at any time by the Chairman who shall inform members of the subject matter for discussion and the reasons for which he considers it to be urgent.

56. The Chairman shall preside at every meeting at which he is present and, if he is absent, the members present shall elect one of their number to preside over the meeting.

57. No business shall be transacted at a meeting of the Board unless there are present at least eight members.

58. Any question which the Board is required to take into consideration may, if the Chairman so decides, be referred to the members by circulation of the papers.

59. The Board may appoint committees constituted from among the members to report to the Board in regard to particular matters included within the scope of its functions or to advise and assist the Governor General in Council in regard to any such matter. Every such committee shall consist of not less than five members, of which three shall form a quorum.

60. Minutes shall be made of the proceedings of meetings of the Board and of the committees thereof and every minute signed by the Chairman of the meeting to which it relates, or by the Chairman of the next subsequent meeting, shall be submitted to the Governor General in Council.

61. Members of the Board (other than members who are in the service of Government and are entitled to travelling and daily allowances under the ordinary rules) shall receive a first class fare to and from the place of

meeting and a fee of Rs. 50 per diem for each day of absence from their places of residence. The members resident at the place of meeting shall receive a fee of Rs. 50 for each day on which they attend a meeting.

PART IV.

Local Accountancy Boards.

62. The Governor General in Council may constitute a Local Accountancy Board for any area and may designate the headquarters of each Local Accountancy Board so constituted.

63. A Local Accountancy Board shall consist of not less than three and not more than eight members who shall be appointed by the Governor General in Council on the recommendation of the local Government concerned. Provided that, in addition to the members so appointed, a member of the Indian Accountancy Board shall be *ex-officio* a member of the Local Accountancy Board for the area in which he ordinarily resides.

64. The Chairman of a Local Accountancy Board shall be a member of the Indian Accountancy Board and shall be appointed by the Governor General in Council.

65. (1) Save as otherwise provided in these rules, a member, other than a member who is in the service of Government or who is a member *ex-officio*, shall hold office for three years from the date of his appointment.

(2) A member appointed to fill a casual vacancy shall hold office so long as the member whose place he fills would have been entitled to hold office if the vacancy had not occurred.

66. A member, other than a member who is in the service of Government or who is a member *ex-officio*, may resign his office by letter addressed to the Secretary to the Government of India in the Department of Commerce.

67. (1) Before a member, other than a member who is in the service of Government or who is a member *ex-officio*, leaves India,

(*a*) he shall intimate to the Secretary to the Government of India in the Department of Commerce the date of his departure and the date of his expected return to India, and

(*b*) if he intends to be absent from India for a period longer than six months he shall tender his resignation or apply for leave of absence. On receipt of such an application the Governor General in Council may at his discretion grant leave of absence or, if he considers it necessary, treat the member's office as vacant and appoint another member thereto.

(2) If any member to whom sub-rule (1) applies leaves India without taking either of the courses mentioned in that sub-rule he shall be deemed to have resigned his office with effect from the date of his departure from India.

68. A member, other than a member who is in the service of Government or who is a member *ex-officio*, shall be deemed to have vacated his seat on a Board—

(*a*) if he becomes subject to any of the disabilities stated in sub-rules (1), (2), (3) and (4) of Rule 4, or

(*b*) if he is absent from two consecutive meetings of the Board without special leave of absence from the Board.

69. Fourteen days at least before any meeting of the Board notice of the time and place of the intended meeting shall be sent to the usual place of residence of every member of the Board and such notice shall, so far as practicable, contain a statement of the business to be transacted at such a meeting, provided that in cases of urgency an emergent meeting may be summoned at any time by the Chairman who shall inform members of the subject matter for discussion and the reasons for which he considers it to be urgent.

70. The Chairman shall preside at every meeting at which he is present and, if he is absent, the members present shall elect one of their number to preside over the meeting, provided that the Chairman shall be a member of the Indian Accountancy Board if any such member is present at the meeting.

71. Every question placed before the Board for decision shall, in the event of a difference of opinion, be decided by a majority of votes, and in case of equality of votes the Chairman shall have a casting vote in addition to his original vote.

72. No business shall be transacted at a meeting unless there are present at least half the total number of members, appointed and *ex-officio*. Provided that, if the total number of such members is less than six, three members shall form a quorum.

73. Any question which the Board is required to take into consideration may, if the Chairman considers it necessary, be referred to the members by circulation of the papers.

74. Minutes shall be made of the proceedings of meetings of the Board and of the Committees thereof and every minute signed by the Chairman of the meeting to which it relates, or by the Chairman of the next subsequent meeting, shall be submitted to the Governor General in Council.

75. Members of the Board other than members who are in the service of Government and are entitled to travelling and daily allowances under the ordinary rules shall receive a first class fare to and from the place of meeting and a fee of Rs. 50 per diem for each day of absence from their places of residence. The members resident at the place of meeting shall receive a fee of Rs. 50 for each day on which they attend a meeting.

No. 213 (3)-T. and E. (A.B.).—The following draft of certain rules which it is proposed to make in exercise of the powers conferred by sub-section (2) of section 3 of the India Companies (Amendment) Act, 1930 (XIX of 1930), is published, as required by the said sub-section, for the information of all persons likely to be affected thereby, and notice is hereby given that the said draft will be taken into consideration on or after the 9th day of November 1931.

Any objection or suggestion which may be received from any person with respect to the draft before the aforesaid date will be considered by the Governor General in Council.

Draft rules.

1. These rules may be called the Restricted Certificates Rules, 193 .

2. Every person holding a temporary or permanent restricted certificate granted by a local Government entitled him to act as an auditor within a province shall, within three months of the commencement of these Rules, send his certificate, or a duly certified copy thereof, to the Secretary to the Government of India in the Department of Commerce. Original certificates will be returned to the holders after the particulars entered in them have been noted.

In the month of April in each succeeding year every holder of a restricted certificate intending to continue to practise as an auditor shall send a report to that effect to the Secretary to the Government of India in the Department of Commerce.

3. (1) Every holder of a restricted certificate, whether such certificate is temporary or permanent, entitling the holder to act as an auditor within a province may continue so to act. Provided that the Governor General in Council may at any time suspend or cancel such a certificate if the holder

(*a*) has been adjudged by a competent court to be of unsound mind;

(*b*) is an undischarged insolvent;

(*c*) being a discharged insolvent has not obtained from the court a certificate that his insolvency was caused by misfortune without any misconduct on his part;

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 9th September 1931.

Summary.—During the week the rainfall was generally moderate to heavy. Transplantation of winter paddy seedlings is progressing under favourable conditions. Cutting, steeping and washing of jute continue. Condition of standing crops is generally satisfactory except in the flood affected areas. Distress continues in Nadia, Rangpur and Bogra. 9,071 persons were gratuitously relieved in Rangpur. Relief measures are also being continued in other places. The average price of common rice for the province has fallen by about 0·24 per cent. as compared with that of the previous week.

No. 8545A.—22nd September 1931.—In pursuance of Rule IX of the Bengal Provincial Services Recruitment Rules* published in notification No. 7183A., dated the 22nd May 1930, the Government of Bengal are pleased to notify the following particulars and instructions regarding the direct appointments to be made in 1932 to the Bengal Civil Service (Executive):—

1. **Vacancies.**—The following vacancies will be filled by direct appointments:—

Bengal Civil Service (Executive)	...	...	6

In addition to these appointments four appointments in the Upper Division of the Bengal Secretariat clerical service will be available to candidates who qualify for appointment to the abovenamed service but whose places in the list are not sufficiently high to enable them to secure appointments.

Under the terms of the Finance Department Resolution No. 3219F., dated the 7th August 1931, the new recruits will on first appointment be appointed on a provisional basis and draw as initial pay that at present sanctioned minus 15 per cent. No direct appointment will be made to the Bengal Police Service, the Bengal Excise Service, the Bengal Junior Civil Service or the Bengal Junior Excise Service.

Each candidate will be required to specify in his application the service or services for which he desires to compete, placing them in the order of his preference, and *the choice thus indicated will be final.* Appointments will be assigned to successful competitors with due consideration of their choice and the number of vacancies in the services.

2. **Method of recruitment.**—The appointments will be made by competitive examination in the manner prescribed in Part B of Schedule II of the Bengal Provincial Services Recruitment Rules.

3. **Qualifications.**—The indispensable qualifications of a candidate are—

(*i*) that he is a native of Bengal or has a permanent domicile within the Presidency of Bengal;

(*ii*) that he is a natural born subject of His Majesty, or of an Indian State in respect of whom the Governor General in Council has made a declaration under section 96A of the Government of India Act;

(*iii*) that he shall have attained the age of 22 and shall not have attained the age of 25 on the 1st October 1931;

(*iv*) that he is a graduate of a recognised University;

(*v*) that he is of good character; and

(*vi*) that he is of sound health, good physique, active habits and free from organic defect or bodily infirmity.

Along with his application every candidate shall submit proof of his age as explained in the form of application and certificates, written not more than one year prior to the date of his application, from two responsible persons unconnected with his College or University, and not related to him, testifying to his private character and stating that he is a native of or has a permanent domicile within the Province of Bengal.

4. **Applications—Method of submission of fee, etc.**—(*i*) A person desiring to be admitted to the examination shall apply before the 15th November 1931 to the head of the college from which he passed his

examination for the degree of Bachelor of Arts, Science, Commerce, etc. A candidate who passed the examination as a non-collegiate student shall send in his application to the Registrar, Calcutta University, together with a certificate of character signed by the Principal of his college if he was connected with one, and by the Magistrate of the district in which he is resident in other cases; candidates from the Dacca University shall apply to the Registrar, Dacca University. All other candidates (not included in the previously mentioned categories) shall apply to the Director of Public Instruction, Bengal:

Provided that in no case shall a candidate apply to more than one of these authorities, and that such application shall always be made through their Durbars by persons resident in a State in India.

(ii) Applications shall be made, in the form shown in Schedule I, copies of which may be obtained from the heads of colleges, the Registrars of the Calcutta and Dacca Universities, and the Director of Public Instruction.

(iii) No application will be taken into consideration by the receiving authority unless it is accompanied by non-judicial stamps of the value of Rs. 5 or a chalan showing payment into a Government treasury in Bengal of the sum of Rs. 5. This payment is obligatory whether such application is subsequently rejected or not. Applications stamped with postage stamps will not be accepted.

5. **Selection Committee.**—The Government of Bengal will appoint a Selection Committee to examine the applications of nominated candidates and their eligibility for admission to the examinations. This Committee will be composed of officials and non-officials in equal numbers and will be presided over by a high officer of Government.

6. **Nomination.**—The heads of colleges, the Registrars of the Calcutta and Dacca Universities, and the Director of Public Instruction, Bengal, shall forward to the Selection Committee before the 30th November 1931, the applications of candidates nominated in accordance with the allotment of nominations shown in Schedule II and shall certify the moral character of each candidate so nominated. The application of non-collegiate students nominated by the Registrar of the Calcutta University should be supported by the character certificates mentioned in paragraph 3 above. In making these nominations, due regard should be paid to the desirability of different classes and communities being represented in the public service. Care should be taken to nominate only such candidates as are likely to pass the medical examination since experience shows that a considerable number of candidates successful in the literary examination fail to pass the medical test.

7. **Selection certificates.**—In order to make the appraisement of individual merits of candidates possible, the Selection Committee shall issue certificates of selection to such of the nominated candidates, not exceeding 200 in all, as it considers qualified to appear at the examination. The selection or rejection of a candidate by the Selection Committee shall be final, and no candidate shall be admitted to the examination unless he holds such a certificate:

Provided that in making their choice the Selection Committee shall give all possible consideration to the cases of candidates of the minority communities and the backward classes and shall call for further nominations from the heads of colleges or Commissioners of Divisions if the number of selected Muhammadan candidates does not reach 45 per cent. of the total number selected.

8. **Particulars of candidates.**—The Selection Committee may require such further proof or particulars from the candidates as it may consider necessary, and may make enquiries regarding their character and domicile.

9. **Examination fee and time-table.**—Every candidate to whom a certificate of selection has been issued will, within a week from the date of its receipt, deposit in the nearest treasury in Bengal a sum of Rs. 50 as examination fee and forward the receipt for the same to the Secretary to the Selection Committee. No part of the fee will be returnable to a candidate. Delay in this respect may render a candidate's name liable to removal from the list of examinees. On complying with this requirement, the candidates will receive from the Secretary a time-table for the examination. The examination will commence on the 15th February 1932 and will be held at the Presidency College, Calcutta.

10. **Canvassing.**—Any attempt on the part of a candidate to enlist support for his application through persons of influence or officials of Government will disqualify him for appointment. Spontaneous recommendations from persons interested in the candidates, or otherwise known to them, will be disregarded.

11. **Ineligibility of Government servants.**—Unless specially exempted by Government by general or special order, no person holding a substantive appointment in Government service is eligible to appear at the competitive examinations. Whenever such exemption is granted, the candidate will be subject to selection by the Selection Committee, as if he were duly nominated under paragraph 6 above.

12. **Syllabus of examination and marks.**—The examinations will be held in the subjects and according to the syllabus shown in Schedule III which also indicates the numerical value to be attached to each paper at the examination.

As the possession of a knowledge of a provincial vernacular is an essential condition of appointment, candidates, whose ordinary spoken and written language is not Bengali, must take up translation from English into one of the provincial vernaculars named below:—

(*i*) Bengali, (*iii*) Urdu,

(*ii*) Hindi, (*iv*) Nepali,

and *vice versa* in the compulsory paper. Successful candidates, however, who have offered any language other than Bengali in that paper and are appointed to a service for which there is a Departmental Examination, will be required to pass completely the Departmental Examinations in Bengali within two years of the date of their appointment to the service.

13. **Medical Examination.**—As soon as the results of the examinations have been declared, a proportion of the candidates who have qualified will be called upon to appear before a Medical Board for a certificate of their fitness for Government Service in form A of Schedule IV of the Bengal Provincial Services Recruitment Rules. An order to appear before the Medical Board must not however be understood to mean that the candidate, if found fit, will necessarily receive an appointment as the number of candidates who will be summoned for medical examination will be slightly in excess of the total number of vacancies, and the question of his appointment will depend upon the results of the medical examination taken as a whole. The regulations governing the physical examination of candidates are set forth in Schedule IV of the Bengal Provincial Services Recruitment Rules and intending candidates are advised before they apply for admission to the examination to satisfy themselves that they are likely to qualify as physically fit under those regulations, for recent experience has shown that a considerable number of the candidates at the competitive examinations are subsequently rejected by the Medical Board as unfit.

SCHEDULE I.

Write your surname here.....

Application form.

For the use of candidates seeking admission to the competitive examination for appointment to any of the following services:—

The Bengal Civil Service (Executive).
The Bengal Police Service.
The Bengal Excise Service.
The Bengal Junior Civil Service.
The Bengal Junior Excise Service.

N.B.—1. Copies of the form may be obtained on application to the Principals of Colleges, Registrars of the Calcutta and Dacca Universities, and the Director of Public Instruction.

2. Before filling up the form the candidate should verify from the rules and the syllabus that he is eligible for admission to the examination.

3. The form should be filled up in the candidate's own handwriting and returned **by 15th November 1931** to the Principal of the College by collegiate students, to the Registrar, Calcutta University, by non-collegiate students, to the Registrar, Dacca University, by candidates from that University, and to the Director of Public Instruction, by all other candidates.

Applications received after the prescribed date will not be accepted.

4. If a candidate who fills up and returns the application form does not receive an acknowledgment for the same within a reasonable time, he should at once communicate the fact to the authority to whom the form was returned.

5. Should any of the particulars furnished be found to be false within the knowledge of the candidate, he will, if appointed, be liable to be dismissed. The wilful suppression of any material fact will also be similarly penalized.

6. Every candidate must submit with his application form a copy of his Matriculation certificate duly attested by a Magistrate or other responsible person. If the Matriculation certificate does not contain sufficient particulars to show that the candidate is qualified by age to enter for the examination, a certificate from the candidate's University or College showing his date of birth as recorded on entering the University or College must also be furnished. The age of a candidate as recorded on entering his University is regarded as correct unless there is a proof to the contrary. If a candidate claims that his age is other than as so recorded he must submit with this application the evidence on which he bases his claim. In such a case the Selection Committee will require among other evidence a satisfactory explanation of the circumstances in which a wrong age was recorded at the time of entry into the University. They will also require a statement of any attempts made by the candidate to have the University record amended and of the results of such attempts. The statement of age must tally with the statement of age made in any previous application of this nature and will be deemed absolutely final. No revision of such a declaration will be allowed at a later period for any purpose whatever.

7. Every candidate must submit with his application non-judicial stamps of the value of Rs. 5 or a chalan showing payment into a Government treasury in Bengal of the sum of Rs. 5. No part of this fee will be returnable to any applicant, whatever the result of his application. Applications unaccompanied by the fee, or stamped with postage stamps, will be ignored.

(*i*) There will be two papers in each of the optional subjects 1-13 and one paper only in each of the remaining subjects. Candidates who select as their optional subjects Physics, Chemistry, Botany, Geology, Physiology or Zoology and have not produced evidence that they possess a degree in the subject or subjects selected will be required to pass a practical test. If they fail to satisfy the examiners in this test they will earn no marks in the whole subject.

(*ii*) If a candidate fails to secure 25 per cent. of the marks in any one of the optional subjects selected he shall score no marks in that subject.

(*iii*) Candidates will also be liable to undergo a *viva voce* examination if so required by the examiners.

(*iv*) In awarding marks in all the subjects the candidate's knowledge of English, as shown by the answers, will be taken into account.

(*v*) Ten per cent. of the marks obtained in any paper will be subject to deduction for bad writing and untidiness.

(*vi*) The following details may prove helpful to a candidate as indicating the standard and nature of the examination:—

I.—COMPULSORY SUBJECTS.

1.—Translation and Retranslation.

The examination will be directed to test not the extent of the candidate's knowledge of any literature (English, Bengali, Hindi, Urdu, Nepali, French or German), but only facility in rendering from one language into another with reasonable accuracy and elegance. In the case of candidates whose ordinary written and spoken language is not Bengali and who did not take up Bengali as their vernacular at the University examinations the tests in this paper will be equivalent to the tests in the subject prescribed in the rules for the lower standard of the Departmental Examination in Bengali for Civil officers, and such candidates will after appointment and before confirmation be required to pass the Departmental Examination by the higher standard in Bengali.

2.—English Composition.

Questions will be set to test the candidate's power of writing clear and expressive English. They will include letter-writing on given subjects, the rapid summarisation of the subject matter of passages in prose of about 500-600 words in length and the detailed paraphrase of poetry.

The general standard of the subject matter will be that of the pass B.A. degree of an Indian University.

3.—Elementary Mathematics.

Vulgar and Decimal Fractions. Ratio and Proportion. Areas and Volumes of Simple Figures and Solids. Percentages. Simple Interest. Easy Factors. Simple Equations. Graphs of Simple Equations and of Sets of Data. Elementary Geometry of the Straight Line, Triangle and Circle.

The paper will consist largely of Problems with Arithmetical Data.

4.—General Paper.

Questions will be set on current topics, general history or similar subjects with which an educated candidate should be acquainted.

II.—OPTIONAL SUBJECTS.

1.—English Literature.

(*a*) General history of English literature. Questions will be set to test the candidate's knowledge of the more important works of the greater writers from (and including) Chaucer to the present day.

(*b*) English literature from 1832 to the present day. Candidates will be expected to know the work of the greater writers of the age, and to be able to understand such literature in relation to the main social and historical developments of the age.

Note.—In either paper, questions on the history of literary forms, style and prosody will not be excluded.

2.—Mathematics.

(a) Pure.

(*i*) *Algebra.*

Binomial theorem.
Convergency, divergency, and summation of series.
Variation.
Theory of limits.
Inequalities.
Continued fractions.
Determinants.
Elementary theory of equations including the approximate solution of numerical equations.

(*ii*) *Geometry.*

Geometry of the triangle, circle and conic sections.

Analytical Geometry of the straight line and conic sections.

Trigonometry: circular and hyperbolic functions: properties of triangles: summation of series: De Moivre's theorem: factorisation: expansion of the circular and hyperbolic functions in series.

Geometry of three dimensions: plane straight line: conicoids: generating lines of conicoids: curvature of surfaces.

(*iii*) *Differential and integral calculus.*

Theory of limits: differentiation: maxima and minima: summation of series: partial differentiation: integration: definite integrals: reduction formulæ: differential equation of the first and second orders; Fourier's series: applications to the geometry of curves.

(b) Mixed.

(i) Statics.

Statics of single particle.
Statics of systems of particles.
Friction.
Centre of mass.
Principle of virtual work.
Equilibrium of strings.
Machines.

(ii) Dynamics of a particle.

Velocity, acceleration, laws of motion.

Projectiles.

Impact.

Work and energy.

Motion of a particle in a plane under the influence of forces: orbits.

(iii) Hydrostatics.

Fluid pressure: centre of pressure on curved surfaces.

Conditions of equilibrium of a floating body.

Theory of the Metacentre.

Hydraulic and pneumatic machines.

(iv) Astronomy.

Elementary spherical trigonometry: refraction: parallax: precession: nutation: aberration: the sun and the moon: eclipses: measurement of time: the equation of time: determination of latitude and longitude: sextant: the principal instruments in an observatory: descriptive discussion of the principal constellations: comets: nebulas.

3.—Physics.

(a) General, Heat and Light.

(i) General Properties of matter.

Gravitation, elasticity, viscosity, surface tension, Kinetic theory of gases.

(ii) Heat.

Thermometry, expansion, calorimetry, change of state, conduction, radiation, thermodynamics.

(iii) Light.

Reflection and refraction, dispersion and chromatic aberration, spherical aberration, optical instruments, velocity of light, the spectrum, interference, diffraction and polarisation.

(b) Magnetism and Electricity.

The electrostatic field, conduction, condensers, specific inductive capacity, magnetism permanent and induced, electric currents, magnetic force due to currents, electro-magnetic induction, electrolysis, heating effects, thermo electricity, discharge of electricity through gases, radioactivity, structure of the atom.

(c) Practical.

The practical examination involves experimental work ranging over the above syllabus.

The standard is indicated by the following text books:—

General Properties of Matter	} Poynting and Tomson.
Heat	
Light	.. Preston.
Magnetism and Electricity ..	.. J. J. Thomson.

4.—Chemistry.

(a), (b) and (c) Inorganic, Organic and Practical.

Kinetic Theory of Molecules and its applications; Dalton's Atomic theory; Atomic and molecular weights; Structural Chemistry and Stereo-isomerism; Periodic Law; Radio activity and modern views regarding the constitution of matter. Laws of true solution; Colloidial solution; Ionic theory and its applications. Conditions of Chemical equilibrium in a homogeneous and a heterogeneous system; Rate of chemical transformation; Catalysis. Phase rule and its application to one and two component systems. Nature of energy and its transformation in Thermo Chemical and Electro Chemical reactions.

The common elements and their important compounds; the inert gases; complex inorganic amines and cyanides. Manufacture of the common industrial products—organic and inorganic—with special reference to Indian conditions. The following organic compounds and their simple derivatives:—methane and ethane: ethylene and acetylene; benzene, toluene, anthracene, pyridine and napthalene, methyl, ethyl and propyl, alcohol, ethyl acetoacetate and ethyl malonate; lactic, oxalic, malonic, succinic, malic, tartaric and citric acids; fumaric and maleric acids, glycerol and urea. Chemistry of esters, ethers, amines, carbohydrates, cyanogen, derivatives, diazo, and Azocompounds. Application of catalysts and organometallic compounds in organic synthesis; Composition, Purification and Analysis of organic compounds.

Qualitative analysis of a sample containing four inorganic radicals; identification of a common organic compound; simple gravimetric and volumetric estimation.

5.—Classical languages.

(i) Latin.

(a) Translation.

The paper shall consist of (*a*) passages for translation from Cicero or Cæsar, and Virgil or Lucretius, (*b*) a passage or passages from one or more of the following—Livy, Tacitus, Horace, (*c*) a piece of English prose for translation into Latin. 150 marks of which 75 shall be given to (*c*).

(b) Language, Literature and Grammar.

The paper shall consist of questions on Accidence, Syntax, Latin philology and literature, Roman History, the geography and organisation of the Empire.

A choice of questions shall be allowed.

(ii) Greek.

(a) Translation.

The paper shall consist of (*a*) passages for translation from Homer and Demosthenes, (*b*) a passage or passages from one or more of the following—Thucydides (excluding speeches), Euripides (excluding choruses), Xenophon, Plato, (*c*) a piece of English prose for translation into Greek. 150 marks of which 75 shall be given to (*c*).

(b) Language, Literature and Grammar.

The paper shall consist of questions on Accidence, Syntax, the development of the literature in its chief forms, the contributions of the Greeks to the development of civilisation, history and geography.

A choice of questions shall be allowed.

(iii) Sanskrit.

(a) Translation; (b) Language, Literature and Grammar.

The object of the examination will be more to draw out what a candidate knows than to test his knowledge. It is not expected that he should be an expert or a specialist in any branch of Sanskrit Literature, but he should have a grasp of both the language and Literature, Vedic and Classical.

He should have a general knowledge of Sanskrit Grammar, Vedic and Classical. This knowledge will be tested not by asking him to quote rules, but by their application to language.

He will be required to translate easy passages in English from Vedic or Classical Sanskrit Literature, but not from commentaries. He may be asked to compose in Sanskrit, to write an essay in Sanskrit, to summarise a given passage in English or Sanskrit and to translate into either language.

(iv) Arabic.

(a) Translation.

(*i*) From English into Arabic and (*ii*) from Arabic into English.

(b) Language, Literature and Grammar.

Muhammadan civilisation including—

(*i*) History and (*ii*) Literature.

(*i*) The outline of *Muhammadan History* from the beginning of Islam up to the fall of the Abbasides of Baghdad in the middle of 13th century A.D.

(*ii*) A general knowledge of the History of *Arabic Literature.* Grammar according to modern method and elements of Arabic prosody and Rhetoric.

(v) Persian.

(a) Translation.

All translation will as far as practicable be from and into the present day language of Iran.

(b) Language, Literature and Grammar.

Candidates must possess a fair knowledge of the general outlines of the literary history of Persia with special study of a particular period, *e.g.*, the Ghaznavi and Saljugi period, and first-hand knowledge of a few selected authors, such as Firdausi, Unsuri, Minuchihri, Anvari, Naisr-i-Khisrau, Khayyam, etc. Questions on grammar shall demand from the candidates not mere cramming and reproduction from memory but intelligent practical application of the grammatical rules, requiring some discrimination.

(vi) Pali.

(a) Translation.

(*i*) Passages prose and verse of moderate difficulty for translation from Pali into English.

(*ii*) A passage of moderate difficulty for translation from English into Pali.

(b) Language, Literature and Grammar.

1. Knowledge of literature will include—

(*i*) A knowledge of canonical literature and commentaries as well as literature outside the canon;

(*ii*) History of Buddhism from its rise to the 7th century A.D.

(*iii*) Indian civilisation as depicted in the canonical Pali literature and

(*iv*) Indian thought and ideals at the time of the rise of Buddhism

2. The questions on language and grammar will include—

(*a*) Elementary knowledge of Sanskrit grammar;

(*b*) Elementary knowledge of the principles of comparative philology; and

(*c*) Knowledge of Indian inscriptions from the earliest times to the 2nd century A.D.

A fairly wide choice of questions will be given.

(vii) Urdu.

(a) Translation.

(*i*) From English into Urdu and (*ii*) from Urdu into English.

(b) Language, Literature and Grammar.

(*i*) A general knowledge of the history of Urdu language and literature.

(*ii*) Grammar according to modern method and elements of Urdu Prosody and Rhetoric.

6.—History.

(a) Indian History.

A knowledge of Ancient, Mediæval and modern India will be required. The main stress will be laid on the period 1500-1920 A.D. Sketch historical maps will be required of candidates. A knowledge of political, military and economic history will be demanded as also of modern constitutional development. The broad outlines of religious and cultural history should be known; also the history of foreign countries, so far as it directly affected the history of India.

(b) English and European History.

The main stress in this paper will be laid on English History, knowledge of European History being only required in so far as it more or less directly links up with English History. Chief importance will be attached to the period 1500-1920 A.D. Political, military, cultural, economic and constitutional history will also be required. Sketch maps will be essential. The growth and history of the British Empire should be known.

7.—Philosophy.

(a) Metaphysics and Ethics.

Definition and Province. Relation of Ethics and Metaphysics to cognate subjects. Methods of Metaphysics and Ethics. *A priori* and *a posteriori* Theories. Discussion of the principal Categories of knowledge. Relation of the Finite to the Infinite, the Conditioned to the Unconditioned, etc. The influence of Evolution on Metaphysical and Ethical Thought. Leading Theories of the Constitution of the World. Naturalism and Idealism. Theories of the nature of the Soul and its relation to the Body. The idea of the Self. The idea of God. Relation of God to the World and the Soul. Immanence and Transcendence, Agnosticism, Septicism, Pantheism, Theism, Immortality, Optimism and Pessimism.

The moral Consciousness, Postulates of Morality, Human Freedom, Moral Obligation, Ethical Standards. Individual and Society. The Social Organism. Duties and Virtues. Theories of Punishment. The nature of Moral Progress.

(Candidates will be expected to possess a general knowledge of the history of Metaphysics and Ethics, both Eastern and Western, ancient and modern.)

(b) Psychology.

Scope and Province. Relation of Psychology to cognate subjects. Methods of Psychology. Varieties of Psychological Study. Relation of Mind to Body. Consciousness and Subconscious. Suggestion. Mental processes. Sensation and its Organic Basis. Perception. Ideation. Memory and Imagination. Judgment. The Development of the Categories. Reasoning. Belief. The Growth of the Conception of the Self. The Various Selves. Feelings and Emotions. The Psychology of Will. Group Psychology. Social Psychology.

(Students are expected to possess a general knowledge of the history of Psychological Theory.)

8.—Economics.

(a) Political Economy; (b) Economic History and application to India.

Political Economy.—This subject will include the Organization of Production; theories of consumption, Value, Monopoly and Distribution; the problems of Population, Labour and Industrial Peace; the theories of Money, Prices, Credit and Banking; the mechanism and theory of international Trade and Foreign Exchange; the principles of Public Finance.

Candidates will be expected to show familiarity with the economic conditions and development of India, and to be able to apply the principles of Political Economy to Indian conditions.

They are also expected to have some knowledge of the industrial history of England.

9.—Botany.

(a) and (b) Theoretical Course.

Scope of Botany. Difference between plant and animal. Outlines of the modern systems of classification.

Vegetable cell. Cell contents, Cell division, Tissues and tissue systems.

Morphology (including histology) and Life history of Algæ (*chroococcus*, a desmid, *Spirogyra*, *Ulothrix*, *Vaucheria*, *and Chara*). Fungi (Yeast, *Mucor*, *Peronospora*), Muscineæ (a moss plant, *Marchantia*), Pteridophyta (a fern, *Lycopodium Sellaginella* and *Equisetum*) and *Gymnospermia* (*Cycas-Pinus*).

General morphology, histology and life history of Angiosperms Physiology of plants including the principal experiments. Outlines of the ecology of plants with special reference to the conditions of Bengal.

Distribution of plants in time and space.

A knowledge of the systematic position, morphological characters, use and cultivation of the more common economical plants of Bengal (viz., rice, and other cereals, pulses, common vegetables, fruit trees, sugar producing plants, jute, indigo, cotton and the common timber trees).

(c) Practical Course.

Knowledge of microtechnic including free hand section cutting for microscopical examination. Drawing of dissection of flowers and microscopical sections. Referring common plants of Bengal to their Natural orders. Identification of plants by analytical tables. Simple physiological experiments.

10.—Geology.

The examination in Geology shall consist of (*a*) and (*b*) two theoretical papers, and (*c*) one practical paper.

(*a*) and (*b*). The theoretical course shall consist of—

Dynamical and Structural Geology.

Geological function of Air, Water and Life. Earthquakes and volcanoes. Secular upheaval and subsidence. Different types of structures met with in the crust of the earth. Earth sculpture. Origin of the Himalaya mountains. Water-supply.

Mineralogy and Petrology.

Physical and chemical characters of the more important minerals including their origin and commercial use. Classification of rocks. The leading rock types. Building materials.

Palæontology and Historical Geology.

Use of fossils. Leading types of fossils. Principles of correlation. The standard stratigraphical scale. Characters and distribution of the series of rocks found in India.

(*c*) The practical examination shall include (*i*) the identification and description of rocks and minerals, (*ii*) the description of microscopic sections of rocks, (*iii*) the recognition of important genera of fossils and (*iv*) the drawing and interpretation of geological maps and sections.

11.—Physiology.

(a) and (b) Theoretical Course.

General Physiology.

1. The Cell-membrane, Physico-Chemical processes—diffusion, Osmosis and Dialysis, Osmotic-pressure, Electrolytes, Ionisation, Surface tension, Absorption. Properties of colloids, Catalysis and Endymeaction.

Chemical Physiology.

2. Chemical composition of the body, Chemistry of carbohydrates, fats, liquids and proteins, Chemical Physiology of blood and lymph. Coagulation, Hæmolysis, Precipitins, Tests for blood. Immunity.

Histology.

3. Histology and development of the cell, Segmentation of ovum and formation of germinal membranes. Microscopical appearances of blood, lymph and milk. Minute structure of the various organs and tissues of the animal body.

Physiological Processes.

4. Physiology of contractile issues, Functions of nerve-cells and nerve fibres, the circulation of the blood, respiration, processes involved in digestion and absorption of food, metabolism, dietetics, vitamines, physiology of endocrine organs, harmones, excretion by the kidneys, skin, lungs and liver, production and regulation of body heat, mechanism of sound production, and speech, Physiology of the Central and Autonomic nervous systems, special physiology of the organs of sense and Physiology of growth and reproduction.

(c) Practical Course.

I. The chemistry of carbohydrates, fats and proteins found in blood, milk and common food substances, Chemistry of hæmoglobin and its principal derivatives. Uses of the Hæmoglobinometer and direct vision spectroscope, composition of bile, normal constituents of urine and their estimation, more important abnormal constituents of Pathological urine and their estimation, Cryoscopy.

II. Histological technique involving the use of the microtome and methods of fixing, staining and mounting for the preparation of permanent specimens, minute anatomy of the various organs and tissues of the body, the use of Haemacytometers.

III. Demonstration of the uses of the more important apparatus employed in Physiological investigation. A practical acquaintance with the methods of performing the following experiments:—

1. **Muscle and nerve.**—Myographic method of demonstration of the contraction of muscle under various conditions. Tetanus. Fatigue. Work done by a contracting muscle. Conduction in a nerve. Velocity of nerve-impulse.

2. **Experiments on the frog's heart.**—Normal tracing of the heart beats. Modifications of the tracing by the application of heat and cold, drugs and stimulation of the vago-sympathetic trunk.

3. Sphygmographic tracing of the pulse. Determination of the blood pressure in man by means of Sphygmomanometers.

4. Experiments on reflex action in "Spinal" frog.

12.—Zoology.

(a) and (b) Theoretical Course.

Scope of zoology and principles of classification.

Animal cell. Cell division. Elementary tissues, their morphological differentiation and physiological division of labour. Principles of animal physiology.

General characters of the following groups (including the distinctive characters of the classes, the more important orders represented in Bengal and of the development of the groups marked X); Protozoa; Porifera X, Coelentera, Platyhelminthes X, Nemertinea, Nematoda; Rotifera, Annelida X, Arthropoda X, Mollusca X, Echinoderma X; Chordata, Hemichorda, Cephalochorda X, Urochorda X, Craniata-Cyclostomata, Pisces, Amphibia X, Reptilia, Aves X and Mammalia X.

Distribution of animals in time and space.

Theories of evolution. Heredity, variation and adaptation. Cell in inheritance. Eugenics.

(c) Practical Course.

Knowledge of micro-technic, including section cutting by paraffin method, Microscopic examination and dissection of Amoeba, Paramoecium, Monocystis, Spongilla, Hydra, Irene, Pheretima, Palaemon, Periplanata, Amellidens, Ampullaria, a starfish, a sea-urchin, a holothurian, Amphioxus, Doliolum, an ascidian, an elasmobranch (or Rohu fish), Bufo, the house gecko, the fowl and Cavia.

13.—History of Islam.

There will be two papers on this subject. The first paper will consist of two parts dealing with the History of Islam in India and the History of Islam outside India respectively. Each part will carry a maximum of 75 marks. The second paper will deal with Islamic Philosophy and Culture and will carry 150 marks.

What the examinee will be expected to know is not the account of battles or history of intrigues, but a good knowledge of the social, political and economical conditions of the Islamic Empire and of the literary, philosophic and scientific activities of the Muslims under the Caliphate. In this connection special attention should be paid to foreign and particularly Hellenistic influences on Islamic thought and culture. He will be further required to know the sources of information on his subject—contemporary and modern—and to estimate their relative importance as works of history. Stress will be laid on the manner and method in which the subject is approached and discussed. Nor will the style be reckoned as less important than the subject matter. The object of the examination will be not to test the memory of the examinee but his grasp of the subject, his power of thinking, his capacity for seizing on the essentials as opposed to non-essentials in a long, complicated narrative.

14.—Constitutional History of England and the Empire.

In this paper the main stress will be laid on the period from 1600 A.D. onwards, but candidates will be expected to possess a knowledge of the main episodes of constitutional importance prior to that date. Candidates should also be acquainted with the history of the making of the constitutions of Australia, Canada, South Africa and India. Special knowledge of that of India will be required. The constitutional history of the United States of America, so far as it throws light on English Constitutional History, should be known.

15.—Ancient Indian History and Culture.

1. The age of the Vedas,—the Samhitas, the Brahmanas and the Sutras.
2. Rise and development of Buddhism and Jainism.
3. Political history from the 7th century B.C. to the 12th century A.D.
4. Administrative system and political theories.
5. Economic condition, including trade and maritime activity.
6. The social organisation of the Post-Vedic period, with special reference to the growth of the caste system.

Books recommended indicating the standard required.

1. Cambridge History of India, Vol. 1, pages 1—318.
2. V. A. Smith—Early History of India.
3. R. C. Dutt—Civilization in Ancient India (omitting chapters on Political History).
4. Dr. P. N. Banerjee—Public Administration in Ancient India.

16.—Political Theory and Political Organization.

Politics.—This subject will include political theory and political organization. Candidates will be required to show a knowledge of the theory of the state, theories about the origin of the state, theories of law and sovereignty, citizenship, theories about state interference, the structure of Government, forms of Government and the ends of the state. A knowledge of the historical development of some of the more important theories will also be required.

Political organization will include a study of the details of the British constitution and the Indian constitution and the outlines of the constitutions of France, the United States, Germany, Canada, Australia and South Africa. The history of institutions is not included, but candidates will be required to know the earlier stages from which existing Indian political institutions have directly developed.

17.—Anthropology.

Social.

Candidates will not be expected to have an extensive experience of laboratory and museum work. The subject will be treated with special, but not exclusive, reference to peoples of rude culture including pre-historic civilization.

Physical.

The subject includes pre-historic Archæology and Technology. Candidates will be expected to have such knowledge as may be acquired by laboratory and museum work consisting mainly in the handling and study of specimens and exhibits. The subject will be treated with special, but not exclusive, reference to peoples of rude culture including pre-historic civilization.

18.—Comparative Philology.

The subject shall include—

(*a*) the general principles of the Science of Language, including Elementary General Phonetics, Families of speech, Evolution of Language in Phonetics, Inflections, Syntax and Meaning, the Evidence of Language in the History of Civilization and History of Philological Speculation.

(*b*) The Philology of one of the following languages to be selected at the option of the candidate:—

Sanskrit, Pali, Persian, Arabic, English, Bengali, Hindustani (Urdu or Hindi).

The paper will be in two parts with 75 marks for each.

19.—Bengali Language and Literature.

The candidate will be expected to possess a general knowledge of the history of development of the Bengali Language and Literature from the time of Chandidas down to the death of Bankim Chandra Chatterjee. The question will demand a first-hand acquaintance with the important works of each period within the above limits, and will include points of Grammar, Philology, Social and Political History, as well as literary criticism. The answers should be given in Bengali, the correctness of which will be taken into consideration in awarding credit.

20.—Geography.

Candidates may be asked to show their ability to draw neat and accurate maps.

A.—Geography of the world.

(1) Elementary Astronomy.

(2) Natural Phenomena—Wind, rain, etc., and their causes.

(3) Land and sea distribution. Main river and mountain systems of the world; their importance, political and economic.

(4) General Climatic Geography of the World.

(5) Main trade routes. Distribution of oil, coal, wheat, wool, cotton, rice, jute tracts.

B.—Geography of India.

(1) General description and Physical Geography.

(2) Relation of Geography to—

(*a*) Climate (with special reference to the monsoon currents).

(*b*) History of India.

(*c*) Economics. The main products of the country and their nature of transport and distribution. Railway and river systems.

(3) Influence of Geography on relations of India with—

(*i*) Neighbouring countries.

(*ii*) United Kingdom.

(4) Ethnographic Geography.

C.—Geography of Bengal.

River and railway system.
Natural products.
Ports.
Trade—Internal and External.
Climate.

21.—International Law.

Peace and War—With special reference to the Independent or Sovereign States, Dependent States.

British Colonies and the Native States of India.

Sea and the Territorial waters: Nationals, Aliens and Domicile.

Nationality and nationalisation in India and the Colonies.

Criminal jurisdiction and extradition.

Jurisdiction of the High Court of Justice and the Foreign Courts

The Peace Treaty, and

The League of Nations Covenants.

Legal relations as affected by war.

Duties of neutral states.

Contraband of war.

22.—Roman Law.

Historical sketch of the Roman Law down to Justinian.

General knowledge of the subject with special reference to the law of persons.

Law relating to real rights.

Law of obligations.

Law of succession—both testamentary and intestate.

Criminal Law and Procedure.

Book recommended:—

A Manual of Roman Private Law, by W. W. Buckland, Cambridge University Press, 1925.

23.—Jurisprudence and Principles of Legislation.

Jurisprudence—What it means: its growth as a science of positive law

A general knowledge of the subject with special reference to—

Law and Rights.

Private Law.

The application of law.

Principles of Legislation—with special reference to the Legislative Idealism in the 19th century.

The Rights of the Individual.

Principles of utility and the distribution of property.

Offences and Punishments.

Free Trade and Protection.

The Fundamental doctrines of Socialism—Aims and policy of the Socialists—Socialist views regarding Land and the Landlords, the Capital and Capitalists, unemployment.

24.—English Constitutional Law.

A general study of the subject with special reference to the Nature of Constitutional Law and its place in jurisprudence.

Nature of Parliamentary Sovereignty

House of Commons.

House of Lords.

Functions of the Crown in Parliament Cabinet.

Right to Personal Freedom.

Right of Freedom of Discussion.

Right of Public Meeting.

Conventions of the Constitution.

25.—Hindu Law.

Candidates are required to have a general knowledge of the principles of law and of leading cases in subjects covered by the following syllabus:—

1. Sources—Ancient and Modern sources. Legislation relating to Hindu Law. Schools of Law.

2. Marriage—Kinds of; Capacity for marriage and prohibited degrees. Effect of marriage. Rights as between husband and wife.

3. Sonship—Legitimate and adoptive—Effect of illegitimacy—The law of adoption—Joint family, Mitakshara and Dayabhaga law. Partition. Impartible Estates.

4. Law of inheritance according to the Mitakshara and Dayabhaga Schools.

5. Law of Wills—Hindu Wills Act—Probate and Administration Act—Hindu Disposition of Property Act. Trusts and Endowments. Private and Public Debuttor.

26.—Muhammadan Law (according to the Hanafi and Shiah Schools).

Candidates are required to have a general knowledge of the principles of law and of leading cases in subjects covered by the following syllabus:—

1. Sources. Schools of law. Custom in Muhammadan Law.

2. Marriage—Capacity for marriage—Prohibited relations—Forms of marriage—Essentials of marriage—Effect of marriage—Law of Dower—Divorce.

3. Sonship—Legitimacy—Kinship—Affinity and Fosterage.

4. Law of inheritance.

5. Law of Gifts—Donatio mortis causa—Wakfs, public and private—Wakf Validating Act.

27.—Commercial Law.

Arbitration; Contracts; Principal and Agent; Partnership; Limited Companies; Guarantees; Carriage by Land; Carriage by Sea; Insurance; Sale of Goods; Negotiable Instruments; Bankruptcy.

28.—Statistics.

(1) Elementary theory of statistics, not depending mainly on the theory of probability nor requiring a knowledge of the calculus, frequency distributions, average percentiles, and simple methods of measuring dispersion, graphic methods; elementary treatment of qualitative data, *e.g.*, investigation of association by comparison of ratios, consistency of data: the practice of the simplest graphic and algebraic methods of interpolation.

(2) The application of the more practical methods of statistics to the interpretation and analysis of Indian Statistics relating to population, trade, prices and wages.

(3) Elementary Mathematical Statistics including:—Forms of average and measures of dispersion. The normal curve, and methods of deriving other frequency curves. Theory of association, and co-relation for two variables. Theory of errors of sampling as applied to the above.

A wide choice of questions will be given so that a candidate without advanced mathematical knowledge can obtain full marks by answering questions under paragraphs (1) and (2).

NOTIFICATIONS.

No. 1026T.Com.—16th September 1931.—The following notice published by Messrs. B. N. Elias and Company, Limited, in the *Amrita Bazar Patrika* of the 4th, 6th and 8th September 1931, is republished for general information in accordance with rule 13 (*4*) of the Indian Electricity Rules, 1922, framed by the Government of India under section 37 of the Indian Electricity Act, 1910 (IX of 1910). Any objection, suggestion or representation which may be received by the Secretary to the Government of Bengal, Commerce Department, up to the 4th December 1931, from any person, company or local authority in respect of the application of Messrs. B. N. Elias and Company, Limited, will be considered by Government:—

NOTICE.

It is hereby notified for public information that Messrs. B. N. Elias & Co., Ld., having their registered office at 19-D, Bow Bazar Street in the town of Calcutta, have applied to the Government of Bengal for a license under the Indian Electricity Act, 1910, as modified up to 1st May 1922 to supply electrical energy within an area as defined below under the terms of the following draft license.

The Rajshahi Electric License, 1931.

DRAFT LICENSE.

License for the supply of electric energy granted by the Government of Bengal under the Indian Electricity Act, 1910.

License is hereby granted to Messrs. B. N. Elias and Company, Limited, having its registered office at 19-D, Bow Bazar Street, Calcutta, to supply electrical energy in the area with the power and upon the terms and conditions specified below:—

Short title.

1. This license may be cited as "The Rajshahi Electric License, 1931."

Interpretations.

2. The several words, terms and expressions to which by the Indian Electricity Act, 1910, and any statutory modifications thereof or by the rules thereunder, meanings are assigned shall have in this license the same respective meanings, provided that in this license:—

(*a*) "The Act" shall mean the Indian Electricity Act, 1910, and the statutory modifications thereof.

(*b*) The expression "the licensees" shall mean and include the said Messrs. B. N. Elias & Co., Ltd., and their permitted assigns.

(*c*) The expression "deposited map" shall mean the plan of the area of supply hereinafter specified which has been deposited with the Government in pursuance of the rules under the Act, which plan is signed for the purpose of identification by the Secretary to the Government of Bengal in the Commerce Department and by the applicants Messrs. B. N. Elias & Co., Ltd., Calcutta.

(*d*) The term "unit" shall mean the quantity of electrical energy equivalent to a current of one thousand amperes flowing under an electromotive force of one volt during one hour.

Security.

3. (*a*) The period within which under clause 1 (*a*) of the Schedule to the Act the licensees shall show to the satisfaction of the Government that they are in a position fully and efficiently to discharge the duties and obligations imposed upon them by this license throughout the area of supply shall be six months from the date of notification of the grant of this license.

(*b*) The period within which under clause 1 (*b*) of the Schedule to the Act the licensees shall deposit or secure such sum as therein mentioned, and the sum to be so deposited or secured shall, unless otherwise ordered by Government under the clause, be six months after the notification of the grant of license and Rs. 5,000, respectively.

Area of supply.

4. The area above referred to within which the supply of energy is authorised by this license (the area of supply under the Act) is the whole of the area bounded as follows:—

(*a*) East—By the straight line drawn from the junction of Natore and Tikapara Road to the north up to ⅝ of a mile (Point "A"), and to the south up to Sardah Road.

North—By the straight line drawn from point "A" to point "B" which will be obtained by drawing a straight line to the north from the junction of Nowabganj Road and the river embankment up to 1 mile.

West—By the straight line drawn from point "B" to junction of Nowabganj Road and the river embankment.

South—By the River Padma.

The boundaries are delineated on the map by a heavy red line.

(*b*) The Police Training College at Sardah including adjacent area as shown on the map and bounded by a heavy blue line.

Situation of the Generating Stations.

5. The licensees shall erect the generating stations within the area covered by the license.

Limits within which the supply of energy is to be compulsory.

6. For the purpose of clause IV of the Schedule to the Act the following directions shall be complied with, namely:—

(1) The licensees shall within three years from the date of the grant of this license lay down suitable and sufficient feeders and distributing mains and also execute works to the satisfaction of the Government for the purpose of supplying electrical energy throughout the streets named in the list appended below, shall erect the generating stations mentioned in clause 5 with all machinery and apparatus necessary for the purpose of giving a continuous and efficient supply and shall do all other works necessary for the commencement of supply of energy to the consumers.

(2) At the expiration of each successive period of six months from the commencement of this license until the completion of the compulsory works, the licensees shall submit to the Secretary to the Government of Bengal, reports stating all steps taken and the progress made in carrying into effect this license.

Nature of supply.

7. (*a*) **Nature of supply.**—The systems of supply which may be adopted for the supply of electric energy under this license are the following:—

(*i*) A medium pressure alternating current three-phase four wire supply at a pressure at the consumers terminals of 400 volts between phases and a low pressure of 230 volts between phases and neutral at a frequency of 50 complete cycles per second.

(*ii*) The feeders, distributing mains and service lines may be overhead or underground in whole or in part and shall be erected, constructed, and maintained by the licensees in strict conformity with the Act and the rules thereunder. Provided that nothing in this license shall authorise the licensees to use overhead mains at any higher pressure than medium pressure without the previous sanction in writing of the Government of Bengal in each case and subject to any conditions of limitations which the Government of Bengal may direct.

Provided also that the licensees may, from time to time with the previous consent in writing of the Government of Bengal and subject to such limitations and conditions as shall be prescribed in writing by the Government, adopt any other system of supply for the purpose of this license.

(*b*) **Rates.**—The prices to be charged by the licensees for energy supplied by them shall not exceed the following maxima, namely:—

(A) For domestic purposes.

I. **Lighting.**—(*i*) Annas eight per unit metered, subject to a minimum charge of rupees thirty-six per annum per kilowatt of the rated wattage of lamps installed, or

(*ii*) Rupee one and annas twelve per 20 watt lamp per month and proportionately for lamps of higher wattage, provided that the total number of lamps installed does not exceed six and are used for a period not exceeding six hours daily from dusk.

II. **Fans.**—Annas seven per unit metered, subject to a minimum charge of rupees twenty-four per annum per kilowatt of the rated input of the fans installed.

III. **Flat rate for lights and fans combined.**—Annas seven and pies six per unit metered, subject to a minimum charge of rupees thirty per annum per kilowatt of the rated wattage of the lamps and rated input of the fans installed.

IV. **Motors.**—(*i*) For each installaton having motors whose aggregate rated brake horse power does not exceed 1 B.H.P., annas seven per unit metered, subject to a minimum charge of Rs. 3 per month per rated B.H.P. of all the motors installed.

(*ii*) For each installation having motors in which the aggregate rated brake horse power exceeds 1 B.H.P., annas six per unit metered, subject to a minimum charge of Rs. 3 per month per rated B.H.P. of all the motors installed.

(B) For industrial purposes.

(*i*) For each installation having motors in which the aggregate rated brake horse power does not exceed 4 B.H.P., annas four per unit metered, plus Rs. 8 per month per rated B.H.P. of all the motors installed.

(*ii*) For each installation having motors in which the aggregate rated brake horse power exceeds 4 B. H. P. but does not exceed 15 B. H. P., annas three and pies six per unit of energy metered, plus rupees eight per month per rated B. H. P. of all the motors installed.

(*iii*) For each installation having motors in which the aggregate rated brake horse power exceeds 15 B.H.P., annas three per unit of energy metered, plus rupees eight per month per rated B. H. P. of all the motors installed.

(C) For heating, cooking, refrigerating and for all purposes other than those specified in sub-clauses (A) and (B), annas four per unit metered.

Note.—Where the minimum charge specified under the sub-headings (A) I (*i*) or (A) II or (A) III or (A) IV (*i*) or (A) IV (*ii*) is levied then no other charge for energy consumed shall be made.

(D) In the case of a method of charge approved by the local Government in accordance with section 23, sub-sections (*3*) and (*4*) of the Act such maximum as the Government may fix on approving the method.

Purchase of undertaking.

8. (1) The option of purchase given by sub-section (*1*) of section 7 of the Act shall first be exercisable on the expiration of fifty years from the date of the notification of this license and on the expiration of every subsequent period of twenty years. The percentage to be added on account of compulsory purchase to the value (as determined in accordance with and for the purpose of sub-section (*1*) of section 7 of the Act) of the lands, buildings, works, materials and plants of the license shall, in accordance with the second proviso of the said sub-section, be twenty per cent.

(2) In accordance with clause (*d*) (*ii*) of sub-section (*2*) of section 3 of the Act, it is hereby declared that the generating stations to be used in connection with the undertaking shall form part of the undertaking for the purpose of purchase under section 5 or section 7 of the Act, provided that the power stations shall not have been abandoned by reason of the operation of clause 9.

(3) During the period of notice prescribed in section 7 (4) of the Act all extensions and outlays of money chargeable to the capital expenditure account of the licensees shall be subject to the previous approval of the Government.

Revocation.

9. (1) If the licensees fail to comply with the provisions of any of the clauses or parts of the clauses of this license or fail in the opinion of the Government of Bengal during any portion of the period of three years specified in clause 6 to make satisfactory progress with the works to be executed, the license may be revoked.

(2) in the event of Government revoking the license for any of the causes specified in sub-clause (1), the security deposit of rupees five thousand made in accordance with clause 3 (*b*) shall be forfeited to Government in whole or in part as Government may decide.

Schedule.

The list of streets referred to in clause 6 (*1*) above—

RESOLUTION.

Simla, the 5th September 1931.

No. D./5905-F.—The Indian Central Banking Enquiry Committee was appointed in the Government of India Resolution No. F. 2 (4)/F.-29, dated 22nd July 1929, with Sir Bhupendra Nath Mitra, K.C.S.I., K.C.I.E., C.B.E., as Chairman, and Sir Purshotamdas Thakurdas, Kt., C.I.E., M.B.E., as Vice-Chairman. The Enquiry was inaugurated in response to a demand from the Federation of Indian Chambers of Commerce and Industry and the Associated Chambers of Commerce of India and Ceylon at their annual meetings in 1927 and 1928, and the plan of Enquiry was settled in consultation with the two commercial bodies mentioned above and after discussions with the representatives of the various political parties in the Central Legislature. According to this plan, a number of Provincial Committees were appointed to deal with agricultural credit, including co-operative credit, credit facilities for small industries, mortgage banks, financing of internal trade and stimulation of habits of investment and attraction of banking deposits and to make a report to the Central Committee. After the Provincial Committees had reported in the summer of 1930, the Central Committee continued the work by making investigation into those fields of banking, such as regulation of banking, banking education and credit facilities for India's main industries, which were excluded from the scope of the Enquiry by Provincial Committees. The Central Committee completed the survey of the whole banking field by the end of 1930. At this stage the Government of India invited a small body of Foreign Banking Experts to assist the Central Committee in making their final recommendations. The Foreign Experts after holding joint discussions with the Central Committee presented to the Central Committee, for submission to the Government of India, a separate report dealing with certain differences of opinion between themselves and the Central Committee. The Central Committee held their final deliberations in March and April 1931, and their Report along with the Report of the Foreign Banking Experts was received by the Government of India on the 14th June 1931.

2. The Governor General in Council desires to take this opportunity of recording his appreciation of the services rendered by the Chairman, Vice-Chairman and members of the Committee. The Report bears testimony to the care and thoroughness with which the Enquiry, which has been prolonged and arduous, has been conducted and brought to a successful conclusion by the members of the Committee.

3. The Governor General in Council has already communicated to the Chairman and members of the Provincial Committees, through the Provincial Governments concerned, his sense of appreciation of the services rendered by them. He wishes to take this opportunity again of expressing his cordial appreciation of the valuable work done by the Provincial Committees.

4. The Foreign Banking Experts came out to India at great personal inconvenience and considerable sacrifice in response to invitations from the Government of India. The Governor General in Council desires to express his cordial thanks to these gentlemen both on his own behalf and on behalf of the Indian Central Banking Enquiry Committee for the assistance they gave to the Central Committee in the short space of time at their disposal.

5. The recommendations of the Committee are receiving the careful and earnest attention of the Government. Meanwhile the Governor General in Council has decided that the Report be published for general information on the 16th September 1931.

ORDER.—Ordered that a copy of the above Resolution be communicated to all Local Governments and Administrations, all Departments of the Government of India, the Central Board of Revenue, the High Commissioner for India, the Chairman, Vice-Chairman and the members of the Indian Central Banking Enquiry Committee, the Foreign Banking Experts (through the India Office), the Chairmen and members of the Provincial and Centrally administered areas Banking Enquiry Committees for information.

Ordered also that it be published in the *Gazette of India*.

The 12th September 1931.

No. 81-M. I. (2)/31.—The following Order in Council, dated the 23rd July 1931, is published for general information:—

"AT THE COURT AT BUCKINGHAM PALACE.

The 23rd day of July, 1931.

Present:

THE KING'S MOST EXCELLENT MAJESTY.

Lord President.
Earl of Athlone.
Mr. Secretary Wedgwood Benn.
Sir Maurice de Bunsen.

WHEREAS by section 4 of the Merchant Shipping Act, 1894 (hereinafter referred to as the principal Act), it is (amongst other things) enacted that His Majesty may by Order in Council declare, with respect to any British possession named in the Order, not being the Channel Islands or the Isle of Man, the description of persons who are to be registrars of British ships in that possession:

AND WHEREAS by section 738 of the principal Act, it is (amongst other things) provided that where His Majesty has power under that Act to make an Order in Council His Majesty may from time to time by Order in Council revoke any Order so made:

AND WHEREAS there is in force an Order in Council namely the Merchant Shipping (Registrars of British ships in British India) Order, 1926, whereby the description of persons who are to be registrars of British ships in British India was declared, and it is expedient that the said Order be revoked:

AND WHEREAS the provisions of Section 1 of the Rules Publication Act, 1893, have been complied with:

NOW THEREFORE, His Majesty, by virtue of the powers vested in Him by the principal Act, and by and with the advice of His Privy Council, is pleased to declare as follows, that is to say:—

Educational Notices.

Dacca Medical School.

Dacca, the 29th August 1931.

NOTICE.

Examination of Compounders and Dressers at the Dacca Medical School.

It is hereby notified for general information that the next half-yearly examination of compounders will be held on the 3rd November 1931 and subsequent days.

(*a*) No person will be admitted to the examination unless he produces certificates as required by rules 9, 10, 11 and 12 of Government notification No. 1410Medl., dated the 7th July 1913.

(*b*) All male candidates must forward to the Superintendent, Dacca Medical School, an examination fee of Rs. 5 at least one week before the commencement of the examination. A fresh fee must be paid on each occasion that the candidate enters for the examination, but a candidate, who, after payment of the fee, is unable, through illness, to attend the examination, will be allowed, on producing a satisfactory medical certificate, to attend the next examination without payment of fresh fee.

(*c*) Women candidates are examined free of charge.

(*d*) Passed compounders, who have completed a further three months' course of dressing prescribed in rule 13, and students of the Licentiate class of this school, on the completion of their second year's course, will be allowed to appear at an examination in bandaging, sterilization of dressings and instruments, and in minor duties of hospital work. A fee of Rs. 2 shall be charged for this examination.

This examination is also open to persons qualified for admission to the examination prescribed under the rules for the grant of certificates to compounders, on production of a certificate that they have received instruction in a hospital or dispensary recognised by Government in bandaging, preparation of anteseptic lotions and dressings, sterilization of dressings and instruments, and in the duties of a hospital dresser. Such persons shall be required to pay a fee of Rs. 2 for this examination.

C. R. O'Brien, Lt.-Col., I.M.S.,
Supdt., Dacca Medical School.

Bengal Engineering College.

The 20th August 1931.

Under the authority of the Government of Bengal, an examination called the "Bengal Local Bodies Accountants' Examination" will be held at the Bengal Engineering College, Botanic Garden post office, Howrah, on Monday, the 11th January 1932, and the following two days, concurrently with the Divisional Accountants' Examination.

No candidate will be admitted to the Local Bodies Accountants' Examination unless he is over 24 years of age and thus ineligible to appear at the Divisional Accountants' Examination.

For the prospectus, application should be made to the Principal, Bengal Engineering College, post office Botanic Garden, Howrah.

Conditions of sale.

1. The Divisional Forest Officer is not bound to accept the highest or any offer for any lot. The sale of any lot, the value of which exceeds Rs. 2,000 only, shall not be complete until confirmed by the Conservator of Forests, Bengal.

2. Successful bidders shall immediately deposit as earnest money one-tenth of the total bid in currency notes, which will be returned if the sale is not confirmed and will be retained as security deposit if the sale is confirmed.

3. Purchasers will be required to sign agreements in printed forms for outright sales. Copy of this form may be seen at the Divisional Forest Office, Chittagong, and at the Range Offices.

4. The following are among the conditions of the agreements for all lots of the sale :—

(1) Felling and extraction to be completed by the 31st May 1932 for the selection felling coupes and 29th February 1932 for the clear felling coupes.

(2) The purchase money to be paid in 3 equal instalments as follows :—

1st instalment—15th December 1931.

2nd instalment—1st February 1932.

3rd instalment—1st March 1932.

N. B.—Clear felling coupes will be paid for in two instalments on the 1st December 1931 and 1st February 1932.

5. Failure to sign the agreement within one month of confirmation of sale will render the purchaser liable to forfeiture of his security deposit.

The lot or lots so affected shall be re-sold by public auction or otherwise as the Divisional Forest Officer may think fit, and the defaulting purchasers shall be liable to make good any shortage on such re-sale.

6. "D" class poles used for saw-benches will not be charged for unless removed. They must however be marked by a Forest Officer before felling, and if removed will be charged for at schedule rates.

T. M. COFFEY,

Chittagong, the 1st August 1931. Divisional Forest Officer, Chittagong Division.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

Annual Report of the Royal Botanic Gardens and the Gardens in Calcutta and of the Lloyd Botanic Garden, Darjeeling, for 1930-31.

ROYAL BOTANIC GARDEN.

1. **General.**—Amongst the general public who discuss the prospects of a visit to these gardens, the question of their approach is always one of first consideration. No one who is dependent on a motor car for coming—and this section of the visiting public grows in numerical importance every year—will think of starting out without first making the necessary enquiry as to the state of the roads. Their condition is a matter of public interest and for general information, therefore, it may be mentioned that the riverside road through Howrah to the gardens has been greatly improved of late and that, apart from the unpleasantness of having to negotiate an ever-increasing volume of traffic, the ease and comfort of access dependent so much now-a-days on road surface is noticeably better than it was even as late as a year and half ago.

A policy of steady repairs—the stitch in time method—seems responsible for this, and whether or not the betterment of roads is responsible there has been a marked increase in the number of visitors reaching the garden by bus and car. Praiseworthy attempts to maintain and improve the main roadways have been made and it is a pity, therefore, that obstacles to using them freely should exist. Riverways access is, of course, always the more pleasant, but in view of the ever-growing bus and car traffic and the possibility of the ferry service being restricted, it is a matter of extreme importance to these gardens and, indeed, to all interests west of the Bengal-Nagpur Railway, that free passage should prevail over this Company's line systems converging on Shalimar.

It is more pleasant, perhaps, to get on to congenial surroundings and discuss the garden itself. Both in the nurseries and flower beds, in the plant houses and in the open, there is a year's steady progress to report. Climatic conditions were normal and at no time of the year had special measures to be taken to help out the ordinary horticultural work. Rainfall recorded for the year was about the usual, its distribution was good and this with an absence of cyclonic storms combined to make the year a favourable one for all horticultural operations. The permanent tree and shrub collections in the open were enriched by numerous additions and long-established specimens have not been spared in an effort to make the gardens more attractive. Perhaps the scientific officer is too apt to think of the contents of a garden as botanical specimens and to concern himself with the presence and arrangement of these rather than with their form and beauty. A break with tradition is, therefore, not necessarily disadvantageous to methods—and it may be invigorating and refreshing—to have for a time on the staff an officer whose experience brings ideas of big scale tree pruning and surgery. Mr. Fothergill, the newly appointed officer in charge, was assiduous in his endeavours, by judicious pruning and lopping, to restore the appearance of old time plants that had grown away from their natural stateliness and beauty and by larger scale operations to give a chance of fresh life to dying and diseased specimens.

The desirability of making the garden richer as a living repository of the more beautiful and useful tropical and semi-tropical trees and shrubs is always in mind, and the following additions of plants new to the collections show what has been accomplished to this end during the year. Of new trees there have been added *Alphonsea lutea*, *Erythrina acanthocarpa* and *Blackii*, *Prosopis velutina*, and *Melaleuca crassifolia*. Of shrubs, *Cordia Holstii*, *Hibiscus Abelmoschus*, *Anona microcarpa*, *Erythrina tomentosa* and *indica*, *Parkinsonia microphylla*, *Lantana crocea*, *Psidium Friedrichsthalianum*, *Bauhinia Krugii*, *Millettia dura*, *Bambusa quadrangularis*, *Ptelea trifoliata*, *Pandanus Sandei*, *Costus discolor*, *Fatsia papyrifera* and *Cassia artemisioides*. Of creepers, *Lonicera Leschenaultii*, *Passiflora pruinosa*, *Cissus Lindeni*, *Cissus albonitens*, *Boussingaultia baselloides*, *Bougainvillaea spectabilis*, varieties: *Fraser* and *Cypheri*. In some cases single numbers of these only have been available, but in most cases three or four specimens have been planted and in a few there has been material for groups. Experience has shown that not all planted out have succeeded but, as explained

in previous reports, repetitions of those that fail will be made from the nurseries where an ever-increasing variety is being developed by the accession of seeds and plants from India and abroad.

The nurseries are now much richer than at any time in the previous experience of the writer and, although the additions planted out to permanent situations are too small to catch the eye, and insignificant as yet as producers of scenic and group effects, they are yet plentiful enough to make certain in future of a much richer and more interesting botanical garden.

It is unfortunate that the display of cold weather annuals seldom coincides with the New Year period. They are never at their best till later, but this year's display, while possibly not surpassing former years in mass production, has been easily the best seen here in respect of individual specimens. As in the past few years they have been staged at the more frequented and open spots of the garden and have been much admired not only by the general public but by the trained horticulturist. This is a visitor whose eye looks critically and who usually has never yet been known to admit his own results as inferior or to lack experience or knowledge of something better. His approbation is, therefore, sought. This year it was as freely given as it was deserved. In order that the gardens may look more attractive during the Christmas and New Year Week, the period when they are most frequented, arrangements have been suggested for a display of bulbous plants to take the place of the annual stagings before the usual supply of potted flowers is ready. The idea is worth following up for the development of bulbous plants is less at the mercy of weather conditions and many of this class lend themselves to forcing methods. In addition to potted annuals staged in groups throughout the garden, the usual area of flower beds was maintained. Minor rearrangements of beds were made in the main flower garden and a new harbaceous border, containing amongst others some beautiful varieties of *Gladiolus*, was opened round the smaller palm house.

The Orchid house was as usual a source of great attraction during the first two warm months of the year. The display was normal and calls for no special mention. Species of *Vanda*, *Catasetum*, *Cattleya* and especially *Dendrobium* comprised the bulk of the display. The rarer kinds of Orchids, of which the gardens possess a few fine specimens, are not risked in the houses open to the public, and this for reasons that will suggest themselves to all. But these and also a fine collection of ferns and *Cacti* under glass can always be visited by special arrangement.

Needless to say none of the garden schemes sanctioned and awaiting funds could be proceeded with during a year financially so difficult as that just passed. Garden labour has, perforce, to remain in its insanitary hovels and make do. Neither the river bank nor the roads, the care of which was decided some years ago as an unsuitable charge for garden officers, has yet gone over to departments of Government specialising in these works. This leaves them a charge on garden funds proper, and, as both take not a little upkeep, it has been impossible to do anything in the way of other large scale garden improvement. Mr. Fothergill has made praiseworthy attempts to keep the lake edges and surfaces in a sanitary condition and a few of the main roads have had specialised asphalt treatment, but in respect of roads, river bank and tanks the gardens are living on capital value and the best that can be done in the present conditions of financial stringency is to distribute the funds available over all works according to immediate necessity and to stave off the condition of garden deterioration that looms ahead. This is the policy followed. It is unsatisfactory from every point of view and especially is it uneconomical as allowing only patchwork where thorough repair is needed, but it appeals in present conditions as most in tune with the spirit of co-operation and it is preferable to the alternative of letting ruin overtake certain works destined for other departments.

Mechanical innovations cannot be said to appeal to the local popular imagination and the institution during the year of a motor tractor with grass cutting machines has drawn the usual resentment as a disturbance of old time methods. But the tractor has come to stay, for it is cheaper, quicker and more effective than the grasscutter and scytheman and makes conservancy easier for a staff now hard put to it to maintain the garden as it formerly was.

From the visiting public's point of view the most urgent scheme is that for the provision of drinking water. Funds for this were allotted but had to be withdrawn on account of the prevailing financial condition.

The completion of this simple and inexpensive scheme would, possibly, do more for the popularity of these gardens than any other measure. Visitors complain of the drawback all the time and in the hot weather, it will be understood, complaints are not lacking in pointedness. One would like to think of public spiritedness extending in this direction. The giving of water has come down through all history and in all lands as an action bespeaking goodwill, beneficence and charity. Even the dumb animals are not forgotten in this respect. Here at the Royal Botanic Garden the most long suffering animal is man. He it is who suffers and who would bless a public benefactor.

2. **Plant and seed exchange.**—Records show some 284 plants received and 14,524 sent out. As usual Government institutions, District Boards, Municipalities and Railways are the chief recipients. The garden took its share in staging materials for the annual show at Alipore held under the auspices of the Agri-Horticultural Society. The display of *Dahlias*, in particular, attracted attention and a miniature flower garden set up apart from competitive exhibits, was also much admired.

Besides two casks of mahogany seed received from Kew, 47lbs. and 286 packets of seed were distributed while 215 packets were received, mainly from institutions abroad. For the information of botanical and horticultural institutions throughout the world it may be mentioned that the common practice of issuing exchange seed lists is not regularly followed by the Royal Botanic Garden, but its services are freely at the disposal of such institutions and all are invited to communicate when the question is one of obtaining Indian material.

3. **Herbarium and Library.**—Routine work on acquisition, identification, distribution and loan has proceeded uninterruptedly throughout the year. Prominent amongst distributed lots are 611 specimens of Himalayan plants to Austria, 692 Malayan duplicates to Washington and some 1,765 sheets to Dr. Cowan at Edinburgh. For acquisitions our thanks are chiefly due to the Director, Botanic Gardens, Singapore, for 286 duplicate specimens of South-East Asian plant; to the Mycologist in charge, Natal Herbarium, Botanic Gardens, Durban, South Africa, for 100 duplicates; to the Systematic Botanist, Coimbatore, for 243 duplicates; to the Regius Keeper of the Edinburgh Botanic Garden for 137 sheets; and to the National Museum, Washington, for 46 duplicates of New World plants.

Specimens of South Indian plants have as usual been on loan to Kew in connection with the continuation of the "Flora of Madras." To Kew has also gone on loan small numbers of old sheets of *Psychotria* and *Ixora* to help clearing up difficulties on the systematic position of certain little known members of these genera. For a forthcoming work in the genus *Trapa* all our material of this aquatic has gone to Dr. Glück of Heidelberg as also certain fresh material to aid in the same study. About 1,500 sheets have been incorporated during the year and 1,115 genus or species covers renewed. Repair, mounting and poisoning work have been carried on as usual.

To Mr. Kanjilal has gone, at different times, quite a number of authenticated species to aid him in his work on the "Flora of Assam." Mr. Kanjilal has spent a good deal of time at work on his material in the herbarium and Mr. Parkinson spent some weeks on collections from Burma that had remained unplaced or the identifications of which were for various reasons still considered tentative. The short time at his disposal prevented an examination of all the material, but enough was done to indicate the presence of new or interesting species. In addition to his work Mr. Parkinson gave much appreciated help in the identification of garden Bamboos. Mr. D. Datta of the Indian Agricultural Service visited the herbarium for some time towards the end of the year in connection with his enquiry into the grasslands of Bengal. His visit resulted in arrangements for collaboration with the Curator of the Herbarium and together these officers have a paper on this subject under preparation. These visits for botanical work are mentioned as types of which Sibpur could wish more.

Several survey tours were undertaken during the year. Of survey officers, Mr. S. N. Bal toured with Mr. Biswas in the Bikrampur area of East Bengal, in the Naga Hills and in Manipur and much material accrued to the herbarium as a consequence. Mr. Srinivasan continued exploration in the Garo Hills and brought some 2,000 sheets containing some 500 species. His interest in and ability as a photographer is being directed towards photographically recording, both whole and in dissections, some of the more interesting garden plants. The most junior officer, Mr. Badhwar, has spent nearly the whole year on tour in

the North-West. His work is mainly economic, being an enquiry into the possibilities of the North-West as a source of Santonin, but his botanical interests are wide and the herbarium is likely to be considerably the richer by reason of his general collections. Towards the end of the year the Curator of the Herbarium was deputed to continue botanical exploration of the Burma Cinchona Reserve area, a survey that is yielding much material and that will be continued as funds and staffing arrangements permit.

To the office and herbarium staff was entrusted the work of distributing a fairly large quantity of seed of *Aleurites Fordii* received from Kew at the close of the year. India shows some promise of being a suitable home for the Tung Oil Plant and this distribution was part of an effort to demonstrate the local possibilities of this oil industry. Tea gardens of Assam, especially, are interested in this importation.

The routine work of the library has been going on as usual, but accessions have been greatly restricted by the fact that library funds have to finance departmental publications as well as do library work proper. In view of the sums required for the publication of the Annals, all that could be done for the library was to maintain a restricted supply of the most necessary botanical periodicals. Some 50 copies of Dr. Cowan's "Trees of Northern Bengal" have been distributed from the library during the year.

4. **Publications.**—Of garden publications, Volume XIII of the Annals, being Professor Martelli's Asiatic Palms, Coryphea, has passed through the Press. With the issue of this volume a halt is called for a time at least in this, the greatest work ever attempted on the palms. The next volume will be Sir David Prain and Mr. Burkill's monograph of the genus Dioscorea and by the end of the year the bulk of the plates for the first half of this work had already been prepared.

Of the records, Dr. Brühl's "Census of Indian Mosses" has appeared. It is a valuable compilation on the group in which is brought together much of the information that has been accumulated by previous workers, as well as much that is the result of the personal observation of the author. It will be an incentive to young Indian botanists to tread in this and other engaging fields of Botanical study.

5. **Finance.**—Out of a total budget allotment of Rs. 50,279 for staff and permanent establishment, Rs. 50,223 were spent and under all other heads there was a net saving of Rs. 431 out of a net grant of Rs. 65,049. As a measure of retrenchment necessitated by the prevailing financial difficulty, a sum of Rs. 5,493 had to be surrendered to Government. Receipts of the department during the year amounted to Rs. 670-13-3.

6. **Staff.**—The writer held charge as Superintendent and Mr. Biswas was Curator of the Herbarium throughout the year. Up till the end of July Mr. N. Mitra was Curator of the Garden. Thereafter, he proceeded on 28 months' combined study and other leave. The continuance of his work as Curator till the end of the year was provided for by bringing in a trained horticulturist, Mr. Fothergill, from the Cinchona Branch of the service. Maulvi Quasem Ali officiated as Assistant Curator throughout the year and Mr. Joneja very ably filled the post of Overseer. The clerical establishment headed by Babu Ashutosh Banerjee, in his customary, forceful and thorough manner, worked loyally and well. With minor exceptions, subordinate officers and all the clerical establishment have been loyal.

CALCUTTA GARDENS.

Efforts were made to improve the standard of excellence of flowering annuals exhibited in different parts of the Gardens. Some fifty different species of plants were introduced and stocks of ferns and potted palms and orchids were rearranged in the nursery. Several newly laid out beds not only increased the decorative effect but prevented the public from making unsightly short tracts and thereby spoiling the beauty of the lawns of the gardens. The arrangement of shifting refuse and other material in motor lorry resulted in greater facility of transport. Difficulties of keeping the Eden Garden tanks in sanitary condition have temporarily been overcome by leasing out the tanks for pisciculture. Under this arrangement the lessee has to keep the tanks clean and to pay a sum of Rs. 200 annually, and this is an item of importance so far as garden expenditure is concerned.

Funds provided for the repair of the garden roads were withdrawn and this will entail a reversion to the old practice of a large expenditure over four years or so. This, unfortunately, is more expensive as well as less satisfactory in the long run.

Finance.—Out of a sanctioned allotment of Rs. 23,059, there was a small saving of Rs. 89. A total revenue of Rs. 313 obtained in the Dalhousie Square section by issuing fishing passes and by leasing out tanks of the Eden Gardens was paid into the Treasury.

Staff.—Mr. M. Jones, officer in immediate charge under the Curator, creditably held the post of Assistant Curator, Government Gardens, throughout the year, and Mr. Gholam Mohiuddin was temporary Overseer from the 22nd April 1930 till the end of the year.

LLOYD BOTANIC GARDEN, DARJEELING.

A few inches less rainfall than the normal and a hailstorm did not affect the general condition of the plants of the garden. Considerable success has been attained by Mr. S. N. Basu, the Curator, in his attempt to increase the æsthetic and horticultural value of the garden by laying out more than a hundred artistic beds, and by keeping the roads, garden houses, lawns and tanks tidy. Suitable sitting accommodation under the shades of the trees have also been provided for the public. Many new varieties of annuals have been grown this year for exhibition. To replace the old stock of the garden some varieties of *Magnolias*, *Azaleas*, *Camellias* and *Cherries* have been imported from Japan. By horticultural experiment the Curator has been successful in propagating some of the rare species of the garden, such as *Larix Griffithii* and *Meconopsis grandis*. If the latter can be fruited this garden may be in a position to meet the demand, for the seeds of this species, of many of the gardens. The garden has been enriched by planting about 547 young trees and shrubs. About 7,703 seeds, 2,228 plants, 120 bulbs and 8,141 seedlings have been distributed to the different botanical, horticultural and other institutions of the world. Seeds of *Meconopsis grandis* collected this year have been supplied to the Director, Royal Botanic Garden, Kew; Regius Keeper, Royal Botanic Garden, Edinburgh, the Keeper of Royal Botanic Gardens, Glasnevin, Dublin, and Sir Reginald Spence. Collection of Alpine seeds has been made from Jongri plains and Gyache La and the garden thus maintains its tradition as an important centre for the distribution of Alpine plants.

Seeds and plants, for His Majesty's Royal Park, under the orders of His Excellency the Governor of Bengal, were also collected in Bhutan. The success of the collection was largely due to the willing help given by Raja S. T. Dorji, the British Agent in Bhutan. Some of the plants collected are being grown in baskets and are being prepared for the onward journey. As desired by His Excellency 115 packets of seeds collected chiefly in Bhutan and in the Alpine Himalayas of Sikkim, have been handed over to the Private Secretary to His Excellency the Governor for His Majesty's Royal Park.

About 44,000 visitors paid visits to the garden and the garden thus holds its time-honoured reputation for botanical interest and popularity as a public resort.

Finance.—Out of a total allotment of Rs. 19,078 under all heads Rs. 19,039 were spent leaving a small balance of Rs. 39 as savings.

Staff.—Mr. S. N. Basu held charge of the post of Curator till the 30th March 1931. Thereafter, Mr. J. E. Leslie, the permanent incumbent of the post, returned from leave and took over charge on the 31st March 1931.

C. C. CALDER,

Superintendent, Royal Botanic Garden, Calcutta.

Report of the Honorary Committee for the management of the Zoological Garden, Calcutta, for the year 1930-31.

NOTIFICATION.

Minister-in-charge: The Hon'ble Khan Bahadur Maulvi K. G. M. Faroqui.

No. 403T.A.I.—14th September 1931.—The Annual Report of the Honorary Committee for the Management of the Zoological Garden, Calcutta, for the year 1930-31 and Government letter No. 404T.A.I., dated the 14th September 1931, acknowledging receipt of the report, are published for general information.

L. R. Fawcus,

Secy. to the Govt. of Bengal.

Report of the Honorary Committee for the management of the Zoological Garden, Calcutta, for the year 1930-31.

The Committee have the honour to submit their report for the year ending 31st March 1931, supplemented, as in former years, among other items, by—

(1) the Superintendent's report upon the Zoological collection;

(2) abstract of accounts of ordinary receipts and expenditure; and

(3) monthly returns of visitors and gate receipts and a list of donors and their donations.

The Committee consisted of—

The Hon'ble Mr. Justice P. L. Buckland, KT., F.Z.S., *President.*

W. K. Dods, Esq., *Vice-President.*

E. H. Marshall, Esq., *Honorary Secretary and Treasurer.*

Members.

Nominated—

Nawab Sir Asif Qadr Saiyid Wasif Ali Mirza, Khan Bahadur, Mahabat Jang, Nawab Bahadur of Murshidabad, K.C.S.I., K.C.V.O.

Sir David Ezra, KT., F.Z.S., M.B.O.U.

Surendra Nath Laha, Esq.

Lieut.-Colonel E. H. Brown, I.M.S. (Retired), M.D., D.P.H., F.R.C.S.E., F.Z.S., F.L.S.

Dr. Satya Charan Laha, PH.D., F.Z.S.

Lieut.-Colonel Sir F. P. Connor, D.S.O., F.R.C.S., I.M.S.

Rai Ajit Nath Das Bahadur, F.Z.S., M.R.A.S.

Sir Hari Ram Goenka, Rai Bahadur, C.I.E.

K. C. De, Esq., C.I.E., I.C.S

G. Morgan, Esq., C.I.E., F.R.H.S., F.Z.S., M.L.A.

Maharaj-Kumar Uday Chand Mahtab, B.A., of Burdwan.

T. Ameer Ali, Esq., BAR.-AT-LAW.

Dr. Rai U. N. Brahmachari Bahadur, M.A., M.D., PH.D.

Rai Bijay Krishna Basu Bahadur.

Major-General W. V. Coppinger, C.I.E., D.S.O., M.D., F.R.C.S.I., I.M.S.

S. C. Lyttelton, Esq.

Nawabzada A. S. M. Latifur Rahman, M.A. (Cantab.), BAR.-AT-LAW.

Ex officio—

The Commissioners of Divisions in Bengal.

The Executive Engineer, 2nd Calcutta Division, Public Works Department.

The Director of Public Health with the Government of Bengal.

The President of the Asiatic Society of Bengal.

The Director of Public Instruction, Bengal.

The Natural History Secretary of the Asiatic Society of Bengal.

The Director of Land Records.

The Director, Civil Veterinary Department, Bengal.

The Professor of Comparative Anatomy and Zoology, Medical College, Calcutta.

The Superintendent of the Royal Botanic Garden, Sibpur.

The Mayor of Calcutta.

The Principal of the Bengal Veterinary College, Calcutta.

The Conservator of Forests, Southern Circle, Calcutta.

The Committee record with deep regret the deaths of R. D. Mehta, Esq., C.I.E., G. C. Mandal, Esq., and Dr. B. L. Chaudhuri, D.SC.

Appointment.—The following new members were appointed during the year:—

Rai B. K. Basu Bahadur.

S. C. Lyttelton, Esq.

Major-General W. V. Coppinger, C.I.E., D.S.O., M.D., F.R.C.S.I., I.M.S.

Nawabzada A. S. M. Latifur Rahman, M.A. (Cantab.), BAR.-AT-LAW.

The Conservator of Forests, Southern Circle (*ex officio*).

Resignation.—Nawab A. F. M. Abdur Rahman, Khan Bahadur, resigned his membership during the year.

Lieut.-Colonel E. E. Waters, M.D., M.R.C.P., I.M.S., having left India with no intention of returning his name was removed from the list of members.

Staff.—Several changes took place in the Garden's staff during the year. Rai B. K. Basu Bahadur, who had held the post of Superintendent of the Gardens since 1908, retired on pension on the 31st March 1930, and Mr. S. Ganguli, the First Assistant Superintendent, was appointed in his place on a year's probation. Mr. N. Banerji, Second Assistant Superintendent, was promoted to be the First Assistant Superintendent, and the Committee recommended that his post be filled by Khan Sahib S. M. Yaqub Khan, who was appointed on the 9th April 1931.

The Committee desire to place on record their appreciation of the services of Rai Bahadur B. K. Basu during whose long period of service the collection and the Gardens were always well maintained and to whom full credit should be given for the execution of the improvements carried out during his term of office resulting in the collection and Gardens being handed over to the charge of his successor in a condition not excelled at any time in their history.

Mr. N. Mukherji, the Overseer of the Garden, having qualified himself as a Veterinary Surgeon from the Bengal Veterinary College, proceeded to London on a year's leave from 1st August 1930, to pursue his studies in Veterinary Science.

The following is a list of the superior staff of the Garden at the end of 1930-31:—

Superintendent—Mr. Somadev Ganguli, C.M.Z.S.

First Assistant Superintendent—Babu Nagendra Nath Banerji, G.B.V.C., F.Z.S.

Storekeeper—Babu Jugal Kishore Roy.

Overseer—Mr. Niranjan Mukherji, G.B.V.C.

Clerk—Babu Tarak Chandra Chatterji.

Gate-Clerk—Babu Bepin Behari Chatterji.

The menial staff of the Gardens at the end of 1930-31 comprised, in addition to temporary men who were engaged as required,—

1 salutri	2 chaprasis
1 jamadar	1 carpenter
8 durwans	2 bhistis
20 keepers	1 cook
14 gardeners	1 head gardener
3 sweepers	2 cartmen
1 night-watchman.	1 syce

1 scytheman.

The health of the collection was good during the year under review. There was no epidemic except an outbreak of Foot and Mouth disease amongst the gayals in the South Extension, but the prompt measures immediately taken enabled it to be completely stamped out without loss. A serious loss has, however, been sustained in the death of the male Indian rhinoceros which took place suddenly on the 21st May 1930. A *post-mortem* examination was conducted by the Principal, Bengal Veterinary College, and the viscera were sent to the Chemical Examiner to the Government of Bengal for report. Traces of arsenic were detected in the viscera and it was concluded that the death of the animal was due to poisoning by arsenic administered by some unknown and malicious person. To detect the perpetrator proved impossible, and the Committee are at a loss to account for so wanton an outrage which can profit no one and only diminishes the interest of a collection which is maintained for the instruction and entertainment of the public. The loss is the more serious by reason of the circumstance that it is most difficult to obtain a specimen to mate with the female in the collection.

Many interesting breeding results took place during the year and a large proportion of the young animals born were reared.

As was stated in the last year's report it was intended to reduce the road area of the Garden and to increase correspondingly the grass area. The first section of this work was commenced as soon as the rains began and completed in good time before the cold weather. The areas in front of the Entrance Gate, in front of the Reptile House, adjoining the Peacock House and in the New Extension were re-aligned and laid out in accordance with the orders of the Committee. The drive round the Gardens from the Entrance Gate on the east to the Reptile House was reduced to 20 feet in width and from the Reptile House to the Entrance Gate to 12 feet. All adjacent paths and roads were also reduced in width. The grass area round the Schwendler Memorial was increased as also the areas between the Southern Extension and the Central Monkey House. The result of these alterations has been largely to improve the appearance of the Gardens, in addition to reducing the cost of maintaining roads and paths.

The only work of importance undertaken during the year is the New Aviary measuring 39 by 29 feet divided into 8 compartments. This aviary is built on a high plinth and with a very thin mesh of strong link wire every effort has been made to make it rat-proof. It has been stocked with many varieties of new birds, making a fine display.

To deal with large crowd of visitors on holidays another shed with additional turnstiles has been constructed on the northern side of the main Entrance Gate.

During the past year the annual repairs were carried out as usual and with the exception of the boundary wall, all large houses were cleaned, repaired and repainted of which the following is a list:—

Dumraon House.—The house was thoroughly repaired and painted. The iron bars of some of the inner cages were repaired and the wooden doors were attended to and leaks in the roof repaired.

Paddocks.—The wood work and the roofs of the kiosks of the Barasingha Enclosure and the Banteng Enclosure having fallen into very bad condition, they were thoroughly repaired and the wooden roofs were covered with zinc sheets and painted.

Sarnomayi House.—Thorough repairs were done to this house. The sand plastering and wood work of the inner rooms had been damaged by the parrots and were repaired. The outside walls were colour-washed and the doors and windows painted.

Burdwan House.—The roof was overhauled and made watertight. The sand plaster was scraped off where necessary and new sand plaster substituted. The outer and inner dens were repaired and lime-washed and outside walls colour-washed.

Servants' Quarters at Begunbari.—The servants' quarters needed repairs badly and were overhauled. New drains were laid and all the rooms were put in good repair, cleaned and painted.

Store Godown.—Extensive improvements have been made to the Store Godown. The floors of the sheds having subsided in many places, were relaid and the corrugated roofings repaired and renewed. The terraced roof of the godown was overhauled and made watertight.

The whole godown was cleaned and inside walls lime-washed and outside walls colour-washed. The wood work and the doors and windows were painted. The following buildings were repaired and repainted:—

Entrance Lodge and Office, Refreshment Pavilion, Sonebursa Enclosure, Gubbay House, Reptile House, Murshidabad House, Indian Refreshment Room, Small Carnivora House and Schwendler House.

The following houses were repaired and colour-washed:—

Ezra House, Rodent House, Bear House and Tapir Enclosure.

In addition to the above, a considerable amount of work of a minor but nevertheless important character has been carried out during the year. Included in such work are the repairing and replacing of worn wire-netting on aviaries and enclosures, the repairing of fences, repairing roofs and floors, rat-proofing of buildings.

The lawns, flower-beds and paths were suitably maintained in orderly condition and considerable quantities of vegetables were grown in the vegetable Garden for the use of the collection.

In addition to ordinary routine work new flowering shrubs were planted and old trees were replaced by others. There has been a marked improvement in the general cleanliness and absence of litter throughout the Gardens. Many exhibits were displayed at the Agri-Horticultural Society's Flower Show and the Garden was awarded several prizes.

There was a considerable falling off in the Entrance receipts of the Garden. This may be accounted for by the general economic depression, particularly, though not entirely, in connection with the receipts on Sundays. It may also be attributed to disturbed conditions resulting in the public not availing themselves of the opportunity afforded by holidays and other non-working days of visiting the Gardens. It is to be hoped that such effects are only transitory for it can be asserted with confidence that at no other Zoological Gardens can so large and varied a collection be seen at a cost of one anna. The financial condition of the Garden, however, is on the whole satisfactory, due to the rigid economy which has been practised during the year in all departments.

The following is a comparative statement of visitors and receipts for the last four years:—

	Number of visitors.	Receipts.	
		Rs.	A.
1927-28	1,107,161	76,701	2
1928-29	1,136,910	78,333	0
1929-30	1,109,901	75,609	3
1930-31	970,604	66,082	13

A large number of children under four years of age and school children, attended by their teachers, were admitted free. On the occasion of the Fancy Fair on 31st December 1930 and 1st January 1931, 9,346 people visited the Garden.

In addition, 51,731 persons visited the Gardens on free days. A detailed statement of the number of visitors and receipts appears in Appendix B.

The thanks of the Committee are due to those ladies and gentlemen who have added to the Zoological collection, a list of which is given in Appendix C. Thanks are also due to those who kindly offered to present animals to the Gardens, but whose offers could not be accepted, either because the particular species was already sufficiently well represented or owing to want of accommodation.

The Committee also desire to express their thanks to the following Railway and Steamer Companies for kindly conveying the animals belonging to the Gardens free of charge:—

East Indian Railway, Bengal Nagpur Railway, British India Steam Navigation Co., Ltd., Peninsular & Oriental Steam Navigation Co., through Messrs. Mackinnon Mackenzie & Co.,

and Rivers Steam Navigation Co., Ltd., through Messrs. Macneill & Co., and Messrs. Hoare Miller & Co., and Lionel Edwards, Ltd.

The Corporation of Calcutta sanctioned a grant of Rs. 26,233-6 to the Garden for the year under report, and the amount of the rate bills in respect of the Garden was adjusted against the sanctioned grant as the rate bills fell due. The Committee desire to take this opportunity of expressing their renewed thanks to the Corporation of Calcutta for their generous contribution to the funds of the Garden.

Thanks are also due to the Officer Commanding and Officers of the 1st Battalion, 5th Mahratta Light Infantry Regiment, stationed at Alipore, for permitting their regimental band to play at the Garden on Tuesday afternoons, free of charge.

The Committee are much indebted to those members of the public who send old and broken-down horses to the Zoological Gardens, where they are disposed of under the most humane conditions.

E. H. MARSHALL,
Honorary Secretary.

P. L. BUCKLAND,
President.

SUPERINTENDENT'S REPORT.

I have the honour to submit my report on the condition and progress of the Zoological collection.

The following comparative table shows the numbers of the various collections during the last four years:—

Year.	Mammals.	Birds.	Reptiles.
1927-28	365	1,244	105
1928-29	342	1,196	173
1929-30	362	1,299	130
1930-31	381	1,719	186

The collection of animals brought together during the year was varied and imposing. Some extremely interesting additions have been made to the collection of Birds of Prey House during the year. The most notable amongst these are Bonelli's hawk-eagles, booted eagles, pied harriers, turumti falcon, white-headed ospreys, etc., which are all new to the collection. For all these additions the Gardens are indebted to Mr. W. K. Dods.

Mr. E. H. Marshall presented to the Gardens a valuable collection of Himalayan birds including a pair of green magpies which are new to the collection.

Amongst other important gifts deserving special mention were:—

1 Blyth's tragopan pheasant—Presented by Captain E. Johnstone.

1 Malayan bear—Presented by R. MacAlpine, Esq.

2 red-winged parrakeets—Presented by Alfred Ezra, Esq.

2 Chinese water deer—Presented by Alfred Ezra, Esq.

3 baby galagos—Presented by Sir David Ezra, KT.

A large number of animals were purchased the most important being the following:—

5 dusky langurs.
4 two-wattled cassowaries.
1 white-winged wood-duck (new to collection).
2 golden langurs.
1 clouded leopard.
3 grey-breasted parrakeets (new to collection).
2 squirrel monkeys (new to collection).
4 Victoria crowned pigeons.
2 lion marmosets.
1 Bahama pintail duck (new to collection).
2 white-fronted Capuchin monkeys (new to collection).
2 white-throated Capuchin monkeys (new to collection).
1 brown Capuchin monkey (new to collection).
1 De Brazza guenon (new to collection).
1 tiger cub.
1 woolly monkey.
2 blue-cheeked lories (new to collection).
1 lion-tailed monkey.
1 snow leopard.
1 bear cat.
5 Blyth's tragopan pheasants.
1 golden cat.
2 Tibetan lynxes.
1 white-rumped lory (new to collection).
2 pigmy hogs.
1 Duyvenbode's lory (new to collection).

The following were received on exchange account during the year:—

From G. B. Chapman, Esq., F.Z.S.—

One chimpanzee, two scarlet ibises, one Hyacinthine macaw, one Brazilian tapir, one blue jay, one lion marmoset and one kinkajou.

From Toronto Zoo—

Six Canada geese, two snow geese, two blue-winged geese and two summer ducks.

From Dr. S. C. Law—

CALCUTTA, *the 18th September 1931.*

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 19th September 1931.

Monthly Weather and Crop Report of Bengal for August 1931.

I. **Character of the season.**—During the month under review, the rainfall was in excess of the normal in the districts of the 24-Parganas, Bankura, Khulna, Hooghly and Bakarganj while in the rest of the Presidency the fall was below the average. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Transplantation of winter paddy seedlings, cutting, steeping and washing of jute and harvesting of autumn paddy were progressing favourably except in parts of North and East Bengal where the operations were retarded owing to sudden flood.

III. **State of standing crops.**—The condition of standing crops was reported to be satisfactory except in the waterlogged tracts of North and East Bengal.

IV. **Prospects and probable outturn.**—The prospects of standing crops were reported to be good except in the flood-affected parts of North and East Bengal.

V. **Damage to standing crops.**—Damage to jute, autumn paddy and deepwater *aman* paddy by flood is reported from parts of Rajshahi, Rangpur, Bogra, Pabna, Dacca, Mymensingh and Faridpur. Damage by drought was reported from parts of the 24-Parganas and by insect-pests from parts of Malda.

VI. **Condition of agricultural stock.**—The condition of live-stock was, on the whole, fair. Sporadic cases of cattle-disease, however, were reported from fourteen districts of the Presidency and from the Cooch Behar and Tripura States.

VII. **Failure of pasturage and fodder.**—Some insufficiency of fodder was reported from the flood-affected tracts of North and East Bengal. As a partial remedy for this situation, this department is suggesting the cultivation of early maturing types of millet which will provide fodder for cattle within a short period of time.

VIII. **Prices of food-grains.**—During the second fortnight of the month, the retail prices of common rice of the cheapest quality rose in eight districts, fell in five and remained stationary in the rest of the Presidency. The prices ranged from 8½ seers per rupee at Burdwan to 13 seers per rupee in Midnapore and the Chittagong Hill Tracts.

IX. **Condition of agricultural population.**—The condition of agricultural population is not satisfactory owing to fall in the prices of jute and other staples. Distress continued to prevail in parts of Nadia, Murshidabad, Rangpur, Bogra and Malda where relief works continued.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 16th September 1931.

Summary.—During the week the rainfall was generally light to moderate except in parts of North Bengal where the fall was a little heavy. Transplantation of winter paddy seedlings continues favourably except in parts of some West Bengal districts where more rain is urgently needed. Cutting, steeping and washing of jute are going on. Condition and prospects of standing crops are generally good except in the flood affected tracts. Distress continues to prevail in Nadia, Rangpur and Bogra. In Rangpur 9,123 persons received gratuitous relief. Elsewhere relief measures also continues. The average price of the common rice for the province has fallen by about 0·41 per cent. as compared with that of the previous week.
